

# AMERICANS ARE IN PERIL

## KEEP THE PROMISE MADE TO THE ANNEXED DISTRICT

I. H. Clay, Former President of Chamber of Commerce, Gives His Views on the Subject

I. H. Clay, a well-known business man, has sent a letter to THE TRIBUNE which is published herewith. It presents facts which should be carefully considered by every taxpayer. Mr. Clay was president of the Chamber of Commerce at the time of the annexation election. He took an active part in the annexation campaign, and he knows what promises were made to the people of that district to induce them to join Oakland:

Oakland, May 5, 1911.

EDITOR TRIBUNE: Having taken an active part in the campaign for annexation of what is now the eastern portion of the city, I feel in a position to speak with some knowledge of the conditions under which such annexation was accomplished, and the right which the residents of the annexed district have to representation in our city government.

Recognizing the fact that our charter seeks to eliminate all sectional feeling by abolishing all ward lines, yet I recognize the fact that the people of this so-called annexed district at the present time feel that one of their number should represent them at the City Hall. I heartily agree with them in this sentiment, and believe that if they have their desire at this time that four years from now we will have heard the last of the annexed district as a political division.

They will be convinced that the residents of the other portions of Oakland intend to deal with them fairly, and keep the promises made to them during the annexation campaign, and will feel, as they should, absolutely at home as a part of a united Greater Oakland.

During the recent annexation campaign, not only did persons connected with the city government, but officials and members of civic bodies as well, assure the people living in this territory that if they voted themselves into our city they would be fairly treated, and that they would be given representation in our city government.

They have presented a candidate, P. C. Frederickson, for Commissioner No. 4. I know him well, having served with him in the Chamber of Commerce. I know he is honest, efficient and industrious. I know he has the welfare of the whole city of Oakland at heart. Having presented to us such a candidate against whose qualification nothing can be truthfully urged, is it not the duty of the citizens of other sections of Oakland to give him their support?

By so doing, our promises will be made good, a better feeling will be engendered and a long stride will be taken toward cementing all portions of our city into one harmonious whole, so that in future Oakland will be spoken of, not by section, as the old city, and the annexed district, but as Greater Oakland.

I. H. CLAY.

## Fills Baby's Mouth With Pepper; Victim Soon Dead

MONTREAL, Que., May 5.—His mouth full of black pepper, 2-year-old Romeo Dombrowski choked to death here last night. The family was moving and

everything was in confusion. Romeo and his 3-year-old brother got hold of a box of pepper. In their play the older child filled his brother's mouth with the spice.

## Elks Threatened by a Terrible Drought

Police Seize Only Oasis in Dry Kansas From Suffering Herds.

WICHITA, Kas., May 5.—The Kansas Elks, which is in session here, probably will be "dry." The chief of police has seized and is in charge of the Elks' refreshments and he refuses to return the supplies. The Wichita Elks prepared for the delegates by purchasing \$2000 worth of different kinds of beverages. It was the plan to serve them at the banquet and none of it was to be sold in violation of the city's prohibitory ordinances. The mayor has been appealed to and he has promised to investigate the contention of both the Elks and the police department.

## England and Japan Ratify New Treaty

Commercial Pact Goes Into Effect, Removing Opposition of British.

TOKIO, May 5.—Ratifications of the Anglo-Japanese commercial treaty were exchanged today. Great Britain and Japan negotiated a commercial treaty which will go into force on July 17, replacing the one expiring on July 16. The new pact removes the opposition of British merchants to the recently adopted Japanese tariff, which heavily increases the duty of British manufacturers as Japan grants reductions varying from 12 to 30 per cent on a large number of British imports.

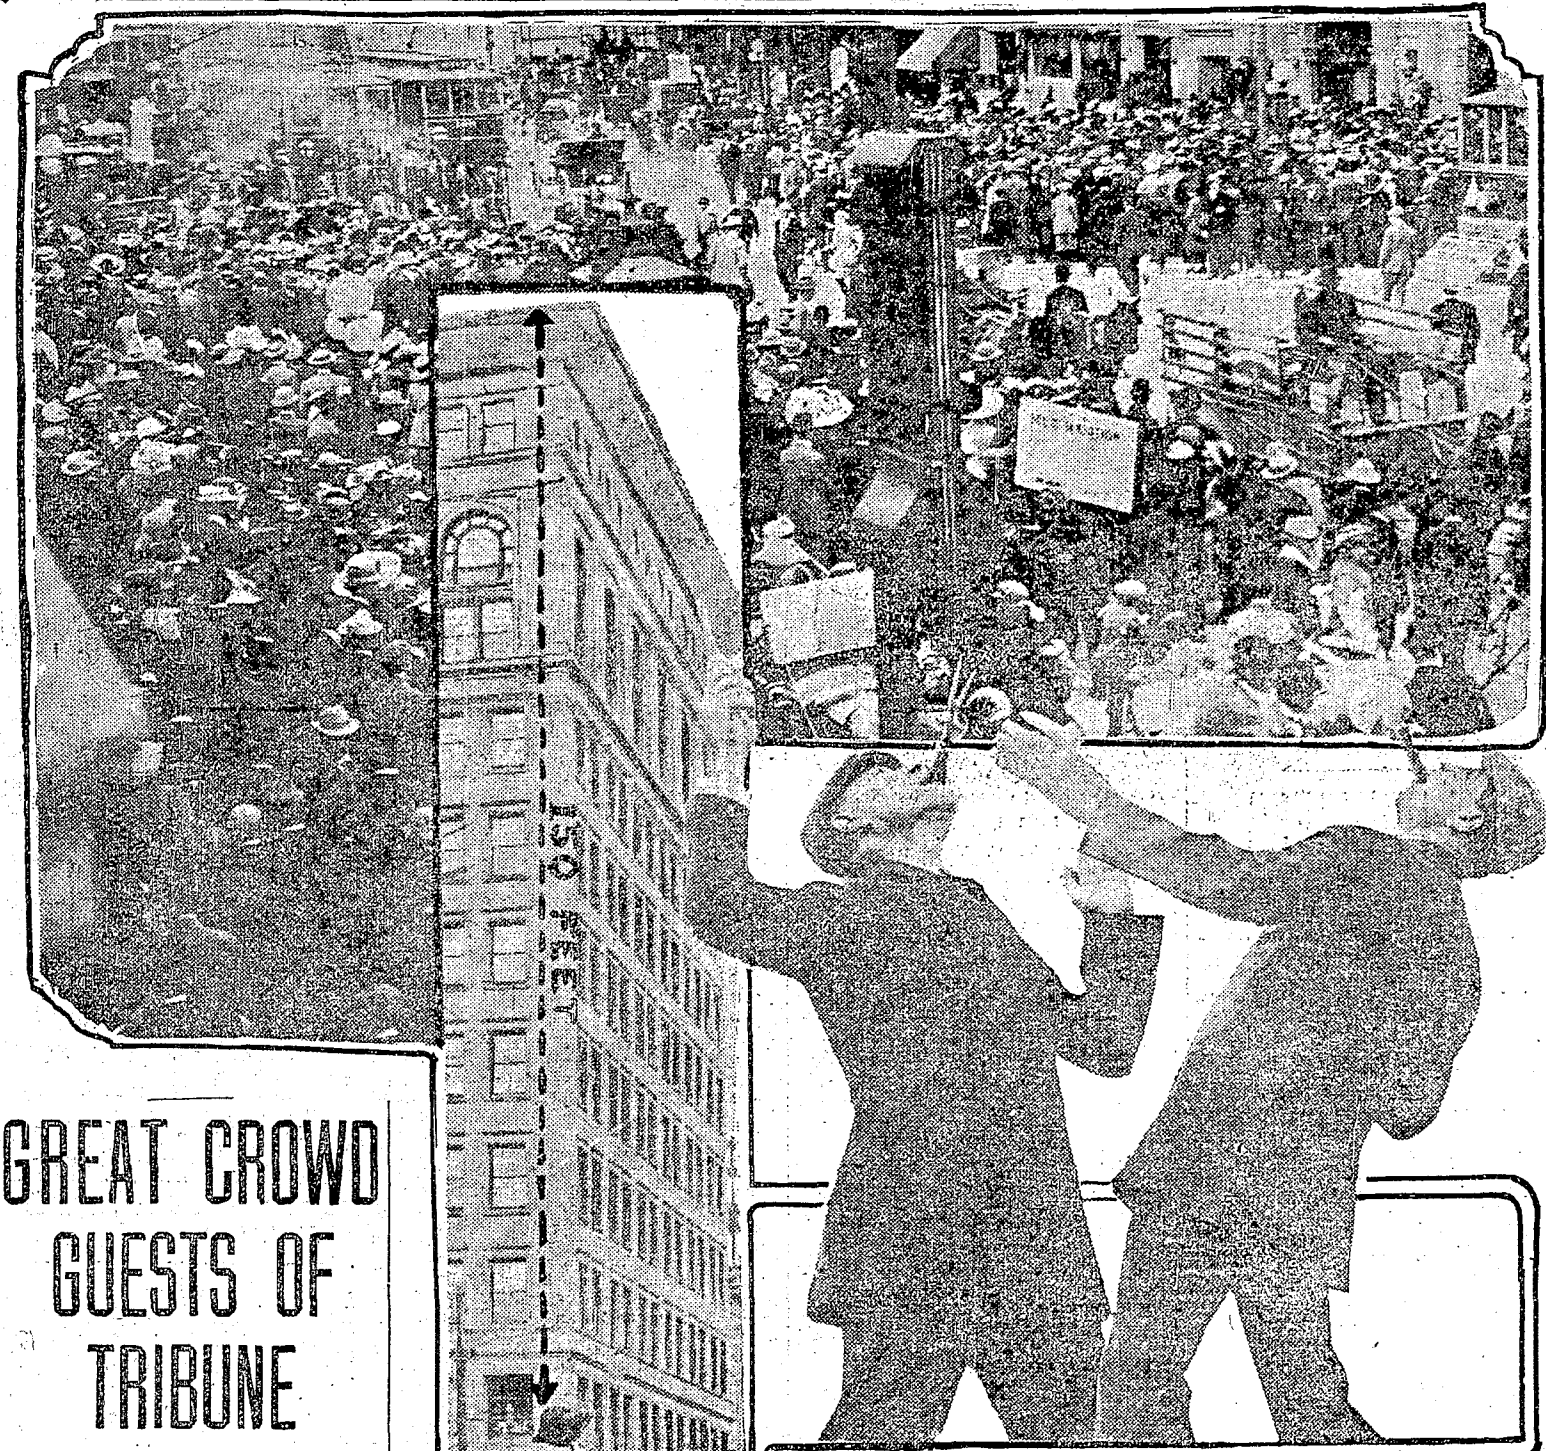

## Prominent Oaklanders To Tour the Continent

J. F. Carlston and H. C. Taft to Leave for the East Tomorrow.

J. F. Carlston, president of the Central National and Central Savings banks, will leave for a European trip tomorrow, accompanied by H. C. Taft of the firm of Taft & Pennoyer. They will sail from New York on the North German Lloyd liner Berlin on May 13. They will stay on the continent for about eight weeks. Carlston's trip is to be devoted exclusively to recreation and sight-seeing.

## BEDINI CATCHES SPEEDING TURNIP ON FORK 20,000 PEOPLE WITNESS FEAT ACCOMPLISHED

Scenes at Thirteenth and Broadway yesterday when Jean Bedini caught turnip dropped from top of bank building; winning \$250 and an automobile.

## GREAT CROWD GUESTS OF TRIBUNE

Oaklanders See Juggler Win \$250 for Stopping Vegetable Dropped From High.

In the presence of 20,000 people yesterday afternoon, Jean Bedini, the greatest juggler who has ever visited Oakland, caught on a fork, held in his mouth, a turnip weighing eighteen ounces, which had been dropped from the top of the Union Savings Bank at Thirteenth and Broadway, 150 feet above him. He was tumultuously cheered by the throng which surged about him on all sides. Notwithstanding that the vegetable, which had been dropped by Col. E. A. O'Brien of THE TRIBUNE was going at the speed of an express train traveling at the rate of 67 miles per hour when it struck the prongs of the fork, Bedini took the shock in a manner which caused every onlooker to marvel at his physical strength and power of endurance. By his achievement the juggler, who is appearing at the Orpheum earned \$250 which had been offered by THE TRIBUNE for the purpose of affording Bedini an opportunity of showing what he could do along a most unusual line of amusement. The people of Oakland were the guests of THE TRIBUNE on the occasion.

CROWD COMES EARLY.

The crowd assembled at an early hour, notwithstanding that the time announced was 5 o'clock. At the appointed hour, the committees which were to pass upon the merits of the performance arrived on the scene. The police were on hand to keep the people out of the way of the star of the occasion and to maintain order. The turnip dropped at the moment advertised. Within five minutes after the appearance of Bedini the whole thing had been accomplished. The thousands lingered to catch a sight of the man with the iron jaw, the sturdy figure, the penetrating eye and the nerves of steel. As soon as Bedini had caught the turnip, he held it up to the gaze of the throng and a cheer arose. He turned

## Imprisoned Official Leaves State Prison

Edward McCann Pardoned by Governor; Release Comes as a Surprise.

JOLIET, Ill., May 5.—Edward McCann of Chicago, former inspector of police, who was pardoned yesterday by Governor Deneen, left the Illinois state prison today, where he was serving a sentence on conviction of accepting bribes from owners and keepers of disorderly places. He took the first train for Chicago. He had no knowledge of the coming pardon when he was sent out to his regular work on the prison farm this morning. When the papers had arrived he was called into the warden's office, where friends were awaiting him. Realizing from their smiling face that he had been pardoned, he embraced his cousin, Mrs. Jennie Giesle, and shook hands warmly with all present.

## NEW INDICTMENTS VEILED IN MYSTERY

LOS ANGELES, May 5.—The nineteen indictments voted by the Los Angeles grand jury yesterday against John J. McNamara and his brother, James E. McNamara, charging them with the murder of the twenty-one men who lost their lives October 1 in the explosion which destroyed the Times office, were filed in Judge Bordwell's court today. The evidence upon which the indictments are based will be held secret.

The three indictments against Orrie McManigal, alleged confessed dynamiter, charging him with dynamiting the Llewellyn Iron Works in this city last Christmas day, in which no lives were lost, and which, it is understood, include the McNamaras for complicity, were also filed. The true bills were taken into Judge Walter Boardwell's department of the Superior Court a few minutes before noon, the grand jurymen, accompanied by the district attorney and three deputies, filing into the courtroom through a side door to avoid the crowd.

TRUE BILLS PRESENTED. The jury was polled, and J. E. Carr, acting foreman of the jury, presented the indictments. "We have found these true bills," said Carr, "charging the within-named persons with the murder of the following." He did not mention the names of the alleged dynamiters, but proceeded to read the names of nineteen victims of the Times explosion as follows: Walter Goodwin Tunstall, Charles Gulliver, Grant Moore, Ernest A. Jordan, Frank W. Underwood, John C. Galluher, William Carl Salada, Edward Wasson, Harry L. Flynn, Robert

## ALARM AT CAPITAL GREAT

Administration Circles Stirred to Core Over Reports From Mexico

Ambassador Wilson Wires State Department 'Conditions Are Intolerable'

WASHINGTON, May 5.—Increasing anxiety approaching alarm is felt by administration officials for the safety of Americans in Mexico, especially in the vicinity of Acapulco on the west coast. Conditions described as "intolerable" were reported to the State Department today by Ambassador Wilson. It is probable naval forces will be ordered to Acapulco at once.

State Department officials plainly were worried by the disquieting advices received from the Mexican ambassador, despite the fact that Mr. Wilson said the Mexican war department had sent urgent telegrams of instruction to the commanding officer at Acapulco to afford all possible aid to Americans.

The matter was taken up by Mr. Wilson as the result of the report that two sons of Judge Melvin Goodman had been murdered by alleged revolutionary bandits at their father's hacienda, Buena Suceso, not far from Acapulco.

DOUGLAS, Ariz., May 5.—Official advices to the Mexican consul say that Mazatlan is still in the hands of the federal forces, notwithstanding the reports that the rebels have captured it. The consul's reports say that the rebels attacked Mazatlan.

## HARRY ANDERSON NAILS A CAMPAIGN FALSEHOOD

EDITOR TRIBUNE: It has come to my notice that certain persons opposing my candidacy for Commissioner No. 1 are circulating a statement in quarters where they believe it might be effective that I am or have been secretary of an organization known as the Citizens' Alliance.

I desire to state without qualification or reservation of any kind that I am not nor have ever been a member or secretary of that organization. I therefore brand such statement as a malicious lie, advanced solely with the aim of injuring my candidacy.

## INDICTMENT CONTENTS ARE VEILED IN MYSTERY

Others Besides Prisoners Are Supposed to Have Been Named in the True Bills

(Continued From Page 1.)

L. Sawyer, Elmer Frink, Frederick Llewellyn, J. Wesley Reaves, A. Churchill, Harvey Elder, Charles Hagerty, Howard Edward Courway, Eugene L. Cares, Don Everett Johnson and John Howard.

### SECRECY REQUESTED.

The indictments were handed to Judge Boardwell, and the foreman requested that the contents of the indictments be kept secret.

In a smaller package came the three indictments dealing with the explosion of the Llewellyn Iron Works.

The same request for secrecy was made regarding these.

In response to the inquiry of Judge Boardwell, whether warrants should be issued, the district attorney replied:

"Two of those named in the indictments charging murder are already in custody."

### OTHERS NAMED.

This indicated to observers present in court that others beside the McNamara's are named in the murder charges.

Whether these are M. A. Schmidt and David Caplan, the alleged conspirators believed to be still at large, is unknown.

When the formalities concerning the indictments were completed, the district attorney rose and said that Attorney Rappaport, representing two of the defendants, the McNamara's, wished to have the arraignment completed as early as possible.

"I suggest," he continued, "that it be this afternoon."

Judge Boardwell replied that he would consider the matter, and give an answer regarding the time for the arraignment this afternoon.

With the indictments the juryman brought into court a large stack of papers, which the prosecutor informed the court contained the transcript of the testimony on which the indictments were based.

"I request that the contents of the transcript also be kept secret," said the district attorney. "Publication of such evidence prior to the trial would seriously impede efforts to obtain an unprejudiced jury."

### MUST FURNISH TRANSCRIPT.

Transcript of the grand jury testimony must be presented to the defense when the prisoners are arraigned and the prosecutor requested Judge Boardwell to order the transcript.

## MANY SPEAK FOR FREDERICKSON'S CANDIDACY

Councilman Vose and Members of Unions Support Popular Nominee.

The Representation Club of the annexed district held a meeting last night in Carpenters' Union hall, East Twelfth street and Fruitvale avenue, and P. C. Frederickson, for commissioner No. 4, was highly eulogized. It was called, order by the president, W. G. Thornally, and was for the purpose of electing a club before the coming election, May 9. There was a very large attendance and many of these were supporters at the primary election of candidates who had failed to qualify at that time, but who are now for Frederickson.

### VOSE FOR FREDERICKSON.

Councilman R. C. Vose was among those present. He was also called on for some remarks and responded in a telling speech, in which he declared that he was supporting Frederickson for commissioner and that he would leave nothing undone to secure his election.

J. Bold of the carpenters' union took the floor and declared emphatically that he was in favor of Frederickson for commissioner and that he ought to be elected for the benefit of that section of the city.

G. S. Borba of the Typographical Union spoke favorably of the candidacy of Frederickson from the standpoint of union labor, declaring that Frederickson had consistently been a friend of unionism and had always treated workmen with consideration and kindness.

### OTHER SPEECHES MADE.

Captain Albora of the Grand Army spoke enthusiastically of Frederickson, declaring that he would make not alone an honest commissioner but also a capable and watchful one and that that was the kind of man the eastern section of the city needed.

Other speeches along the same general line were delivered by Wm. C. Allen, J. O. Hunter, J. Kule, G. Larimer, W. J. O'Neill, S. Gardner, Chas. H. Pratt, Joseph Kreig, Tony Rossi, Rufus Silva, E. J. Hunter, P. E. Evans, J. McWine, Wm. Galloway, J. Lahey, Geo. Bray, H. Barkmeyer, Joseph Damm and W. Atkinson, president of Carpenters' Union No. 38.

At the close of the meeting three cheering cheers were given for P. C. Frederickson.

## TWO ACCUSED OF DARING ROBBERY

Glenn Pike, Who Figured in Dr. Thompson Case, Is Arrested.

C. L. Adams Says He Was Gagged With Pillow and Robbed.

SAN FRANCISCO, May 5.—Declaring that he had been robbed by two men who later presented him with a receipt for the stolen coin, Charles L. Adams early this morning caused the arrest of Glenn A. Pike and George Allen.

The affair occurred in a room in the Taft house, 214 Mission street. Adams, who resides at 781 Howard street, and a companion, Benjamin Gorman, met Pike and Allen, alias Redman, in a bowling alley in Mission street. Pike and Allen invited their new-found friends to their room at the Taft house, and sent out for some liquor.

### GAGGED, SAYS ADAMS.

It was proposed that Adams and Gorman remain all night and the latter left the apartment for a few moments. Pike, thereupon, according to Adams, placed a pillow for him on the floor, and, as he lay down, gagged him with a second pillow. Allen he alleges, then went through his pockets and took \$10.55. Pike demanded his money and they gave him \$1.55 and a receipt for \$18, signed Thornton.

He was then ejected from the place and notified Policemen Farley and Callahan and Special Policemen Jones. The patrolmen returned to the house and caught Pike and Allen in the act of leaving. Both were booked for robbery.

Pike, who, it is claimed by Adams, is the man who held him while Allen searched his clothes for valuables, was one of the principal witnesses against Dr. Robert Thompson, alias Dr. Grant, convicted of manslaughter for the death of Eva Swan, the Esato Robbins school teacher.

The physician was arrested following the discovery of the partially destroyed body of the young woman in a lonely cottage in the Mission whence evidence showed it had been transported by him. Dr. Thompson is at the county jail awaiting the result of an appeal.

The details of the crime and followed the doctor and his affinity, Marie Messerschmidt of Berkeley, blackmailing the physician, it is claimed.

atlant desperately on May 1. The gunboats Tampico and Zaragoza, anchored in Mazatlan harbor, are reported to have thrown shells into the rebel lines, doing terrible execution. The Tampico carries two Barrow Furness guns, besides several three-inch rapid-fire guns.

According to Mexican federal officers at Agua Prieta, there is no danger of an immediate rebel attack of that city. Major Luis Medina Barron, commander of the rurales, returned today to Agua Prieta with a scouting force of 300 picked men. He said to the Associated Press correspondent:

"We have made a march of several hundred miles, including Canizas Springs, Caballona Frontera and the Ojo mountains. We have seen no rebels whatever. The rebel junta in Douglas must be talking of another attack on Agua Prieta for the effect it might have. Instead of a battle today at Agua Prieta, the offices of the federal forces will hold horse races. We invite the people of Douglas to come over. Instead of bullets we will have music."

EL PASO, May 5.—Peace negotiations between the Mexican insurgents and the Mexican government were suspended today to await an answer from Mexico City to the proposition submitted yesterday by Francisco I. Madero, Jr., that President Diaz make public his intention to resign. Federal representatives admitted that they did not expect a favorable answer.

MEXICO CITY, May 5.—Sunday calm marked the anniversary of the battle of Puebla, which had been heralded as the date set for an attack on the capital by revolutionists, and the forced resignation of President Diaz. Up to noon there had been no indication of disorder in any quarter.

### DO GHOSTS HAUNT SWAMPS?

No, never. It's foolish to fear a fancied evil, when there are real and deadly perils to guard against in swamps and marshes, bayous, and lowlands. These are the malaria germs that cause ague, chills and fever, weakness, aches in the bones and muscles and may induce deadly typhoid. But Electric Bitters destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria from my system," wrote Wm. Fretwell, of Lucama, N. C., "and I've had fine health ever since." Use this safe, sure remedy only. 50c at Osgood Bros.

### PEACE CONGRESS MEMBER.

According to Yogini Ganesha, Baba Bharati is vice-president for India of the International Peace Congress. Bharati was the guest of honor at a reception given in Madras on March 14 of last year by the Madras Hindu association. It is declared that the disturbance at the Berkeley meeting was caused by Dutt alone and that he was forced to leave the hall by the landlady. That any other students took part in the demonstration is denied.

### WHIST CLUB MEETS.

BERKELEY, May 5.—A whist club which meets regularly every Thursday evening at Lincoln hall, Alcatraz street, held another party last evening. On this occasion the prize winners were W. Olson, W. M. Rowley, Miss M. McDonald, Mrs. A. M. Gault, Mrs. C. J. Fripant and Thomas Ross.

## INDIAN PRINCESS DEFENDS SWAMI

Yogini Ganesha Says She's No Palmist, But a Real Yogi Philosopher.

Now comes Yogini Ganesha, Indian princess and expounder of the Yogi philosophy in California, who brands as malicious and untrue the assertions of Tal Mohr, Dutt, the Berkeley Hindu student, who yesterday declared the princess an impostor and included her in the list of impostors.

Yogini Ganesha says the attack made upon her and the Swami is the result of a malicious and untrue assertion by a low caste teacher of the Hindu philosophy in San Francisco, who wishes to discredit her in the eyes of her countrymen. To prove that the attacks of Dutt and Mohr are false and that she is a spiritual teacher before he turned against her, Yogini Ganesha shows a letter bearing months praising her work.

The epistle says in part: "It is indeed a matter of great pleasure and joy to me to find a patriotic and good-intentioned sister and well-wisher of India among us. You are a real daughter of our Motherland. My friends are also glad because of movement you are inaugurating to teach the philosophy of India."

The letter ends with the salutation "Bande mataram," meaning "hail motherland," which is a term used at the close of a letter of the mark of esteem and is only in addressing persons of the highest caste.

### NOT A PALMIST.

The princess denies having anything to do with palmistry or ever having invited Dutt to witness a demonstration of her occult powers, as the student asserted. "I am a spiritual teacher, pure and simple," she says. She further declares that some of the prominent people of the university town are her students. Yogini Ganesha is president of the Hindu International association.

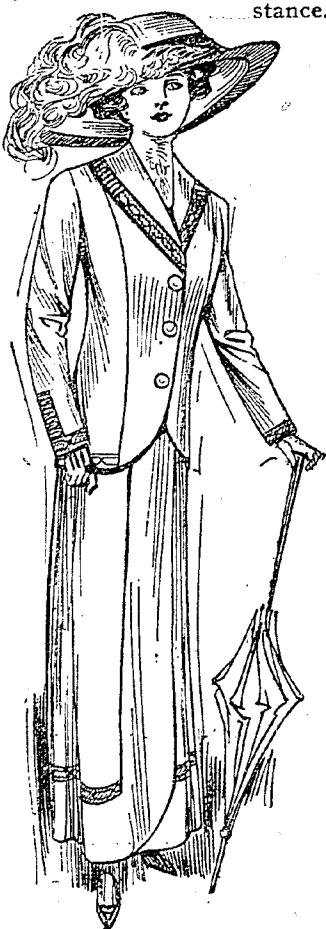

Baba Premannand Bharati and shows proofs of the estimation in which he is held in Madras. Among those who endorse the Yogi teachings are: The Hon. Justice Krishnaswami Iyer; The Hon. P. Kesava Pillay; The Hon. P. Venkatasubba Naidu, all of Madras.

That the Swami maintained his headquarters at the home of the princess, 528 Twenty-second street, Oakland, while here is also declared false. The Swami ate his meals at the home of the princess, she says, and stayed at the Hotel Athens.

### PUPILS MARCH FOR MOTHERS' CLUB READY FOR FAIR CHAMPIONSHIP OF SCHOOL

Marching contests have become popular in the Grant school, where the boys and girls are competing for honors in military drills. Last Tuesday afternoon the girls of Miss Danielwitz's class, representing the eighth grade, challenged Miss Murphy's class of girls, whom the soldiers of the latter class defeated. The silver cup was temporarily placed in Miss Danielwitz's classroom.

The members of the Live Wire Debating Club and the Wide Awake Debating society, met in the rostrum this afternoon in the Assembly Hall of the school, where the pupils of the various classes were in attendance.

## FREE ADVICE TO WOMEN

Women suffering from any form of illness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women. A woman can freely talk of her private illness to a woman; thus has been established this confidence between Mrs. Pinkham and the women of America which has never been broken. Never has she published a testimonial or used a letter without the written consent of the writer, and never has the Company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which Mrs. Pinkham has to draw from, it is more than possible that she has gained the very knowledge needed in your case. She asks nothing in return except your good will, and her advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Mrs. Pinkham, care of Lydia E. Pinkham Medicine Co., Lynn, Mass.

Every woman ought to have Lydia E. Pinkham's 80-page Text Book. It is not a book for general distribution, as it is too expensive. It is free and only obtainable by mail. Write for it today.

### HIKERS' CLUB PLANS TRIP TO MILL VALLEY

The Hikers' Club of the Manual Training and Commercial High School will make a pilgrimage to Mill Valley tomorrow in company with several of the members of the faculty of the school.

**ALFONSO'S SON VOICELESS?**  
MADRID, May 5.—Reports of the continued illness of Prince Don Jaime, second son of King Alfonso, are confirmed by the "Diario Universal," which states that Queen Victoria will take the prince to Switzerland late in June to be treated for an impediment in his speech. Whether Don Jaime has lost the power of speech, as has been reported several times, is not stated.

**LOTS OF ROOM IN KOREA.**  
SEATTLE, May 5.—O. C. Gould, until recently American vice-consul at Seoul, Korea, and who is on his way to take a similar position at Vancouver, says that Korea, which has only a little more than 12,000,000 inhabitants, is capable of supporting 50,000,000 more, and consequently can accommodate the overflow from Japan for 100 years to come.

## SANTA ROSA'S FETE IS OPENED

Rose Carnival Is Brilliant, With Old-Time Fiesta Spirit Revived.

SANTA ROSA, May 5.—The Santa Rosa Rose carnival opened last night with a great burst of light and color, the ceremonies of the evening including the crowning of the Queen of the Carnival. Miss May McMeans, after which a brilliant ball was given. Old Sonoma's capital, in which the first rose carnival in the United States was held almost a score of years ago, caught again the old-time fiesta spirit, and for the three days during which the carnival will last will be the scene of a spectacle not soon to be forgotten.

Preceding the queen's coronation the court of honor erected in the heart of the city, at Fourth and E streets, was brilliantly illumined and an open-air concert given in court-house square.

The coronation ceremony was held in the pavilion, which was a bower of roses, arranged under the direction of Mrs. Joe P. Berry and her committee of women. At half past 8 the royal procession entered the pavilion, announced by heralds, and headed by the queen's guard, commanded by Major Hugh C. Coltrin. The guard was followed by ten garland girls dressed in white.

Then came the crown-bearer, Mary Miller; scepter bearer, Bessie Goodman; robe bearer, Merlin Hooper; key bearer, Marian Belden; and the flower girls, Bernice Barnes, Clara Sullivan, Dorothy Manley, Madeline Miller and Gertrude Stump.

Presiding her majesty were the ladies in waiting, Nell Hall, Catherine Comstock, Dora Peterson and Harriet Parish, and her maid of honor, Miss Helen McMeans. The prime minister, Dr. Joseph Shaw, brought up the rear. District Attorney Clarence F. Lea had the honor of crowning the queen, while City Attorney Allison B. Ware presented Queen May with the key to the city.

Director-General John P. Overton, Vice-President Ernest L. Finley, Grand Marshal C. O. Dunbar, Edward H. Brown, Charles A. Wright, Alton B. Lemmon, Frank Muther, Joseph T. Grace, Ira D. Pyle, Fred J. Rushmore, Charles C. Belden, Mrs. J. P. Berry, Mrs. John H. Elliott, Mrs. O. L. Houts and Mrs. John Votynka and Mrs. Ross Campbell, the members of the executive committee of the Rose Carnival Association, are delighted with the success of the opening ceremony.

## CANDIDATES WILL SPEAK TO CLUB

Frederickson Will Be on Platform at Meeting of Organization.

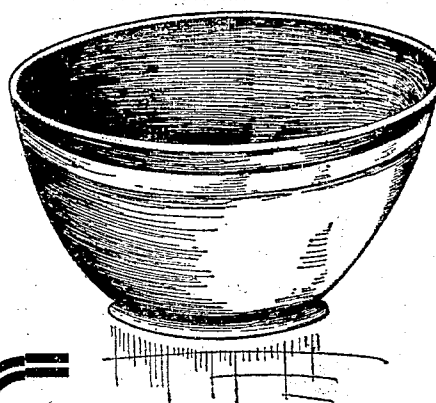

The James G. Quinn Republican Club will meet this evening in Stachler's hall, 2411 Adeline street, near Thirty-second. The speakers will be Councilman Eugene Stachles, candidate for Commissioner No. 3; Harry Anderson, Commissioner No. 1, and P. C. Frederickson, Commissioner No. 4.

The meeting, which will be in the line of a club high jinks, promises to be one of the largest held during the present political campaign. Refreshments will follow the speechmaking, the meeting to conclude with a musical and literary program.

### Thinness Easily Overcome (From "Health and Beauty.")

Further evidence is being presented almost daily that a recent compound of new chemical elements combined in a tablet with hypophosphites is in reality proving a blessing to the abnormally thin men and women, for it can be demonstrated beyond doubt a regular course of three or four months' treatment brings an increase in weight of from 10 to 30 pounds, with a decided improvement of health and color too. For self-administration the most popular form is to be found in three grain hypo-nuclease tablets, obtainable in sealed packages from the best apothecary shops, with full directions.

# JEAN BEDINI CATCHES THE SPEEDING TURNIP

## 20,000 People Cheer Juggler When Vegetable Is Impaled on Fork; Tribune's \$250 Is Won

(Continued From Page 1)

toward the Haymer auto, which had been presented to him in recognition of his great feat by the Haymer Automobile Company and which was in waiting for him, but, before he could reach it, he was picked up, placed on the shoulders of a dozen persons, deposited in the auto which had been driven with difficulty through the slowly receding crowd.

### HIGHEST BUILDING.

THE TRIBUNE selected the highest building in the city for the test of the Bedini powers, namely the Union Savings Bank. The selection was readily assented to by Bedini himself, who, by George Ebey, manager of the Orpheum, of which Bedini is one of the greatest of their present stellar attractions.

Such entertainment never has been given in this city. Neither was there one which ever attracted so much attention. On Sunday, when there are 10,000 people at a baseball game in this city, there is a feeling of satisfaction that Oakland is becoming metropolitan in her appreciation of the national game. But, at the Bedini achievement, yesterday, there were twice 10,000 and there was a class of people in the community which was not represented.

### GIVEN TRIBUNE CHECK.

Last night, at the Orpheum, just before Bedini was to go on the stage to perform his act which is the last on the bill for the present week, he was called before the audience and presented by B. A. Forrester, financial manager of THE TRIBUNE, and in the name of the TRIBUNE, with a check on the Central National Bank for \$250, which he had cleverly won and so richly deserved.

The first arrivals on the scene yesterday had been there but a few minutes when a platoon of police, Inspector Frank Lynch, made their appearance, ordered by Superintendent Wilson. He has often marshaled his forces on occasions when THE TRIBUNE was the host of the people of the city and knew that anything that this paper inaugurated in the way of entertainment always attracts thousands. Yesterday afternoon, there were twenty blue-coats on duty and they controlled the crowd perfectly.

At five minutes to five, there was a procession of autos formed at the office of THE TRIBUNE. In these cars were the principals of the occasion and several who were on hand because of personal and professional friendship for Bedini.

Among these was THE TRIBUNE committee comprising John F. Conners, managing editor of this paper; W. H. McKinnon, Col. John P. Irish, Edward A. O'Brien, B. A. Forrester, financial manager of THE TRIBUNE, B. Berco, Ed. Edwards, McGary, George Ebey, manager of the Orpheum; Superintendent Wilson of the Oakland police force; Jean Bedini, the singing trio, Taylor, Franzmann, White, now at the Orpheum and Tommy Valera, the celebrated cornetist of the Orpheum orchestra who, as the procession advanced, gave bugle blasts announcing the coming of the hero of the day.

### ATTRACTS ATTENTION.

The column moved slowly north on Broadway and attracted much attention. At Twelfth street is encountered the beginning of the line of spectators which extended thence to Fourteenth street and which, at the intersection of Thirteenth and Broadway, pressed along the first mentioned thoroughfare until it reached Washington street.

On the four blocks mentioned, the people filled the sidewalks and in many places, flowed out on the pavement and from these places of vantage, every individual had a first-class view of the man who was to perform the feat of impaling the turnip on the fork of the section of that structure from which the turnip was to be dropped. A greater and at the same time, a better-behaved throng never assembled in this city.

The party in the automobiles had a passage way cleared for them, through the throng by the police and each of them went to his respective place. Col. E. A. O'Brien, to whom had been intrusted the duty of dropping the turnip, accompanied by Roy Arthur, the associate of Bedini in his act, at the Orpheum, ascended to the top story of the Union Savings Bank nearly a hundred and fifty feet above the ground. It had been determined that the turnip should be dropped from there. Instead of this, however, the turnip was dropped from the roof of the structure. This change was made for the reason that it was discovered the great projecting cornice of the building would not permit the person throwing the turnip to be seen from the crowd. The throwing were to take place from the roof.

### SHOT IS SIGNAL.

Bedini remained on the sidewalk immediately beneath the window of the Reed office, occupying a small space, and which was guarded by a crowd. Beside him, at the time, were several of his professional friends. A pistol shot was to be fired from below when he was ready.

A more inspiring sight than that presented from the point of vantage which was occupied by the person who was to drop the turnip could scarcely be imagined. Wherever the turnip was dropped, it was met by a crowd of people who were striving to get a view of the stellar attraction of the day. The throng of humanity on Broadway was massed so dense that all kinds of traffic was suspended. At far north as Fourteenth and south as Twelfth street, the crowd exceeded any which had ever taken place at either point before.

The vegetable was held out of the window for an arm's length. A second later, the faint report of a pistol fired by Al White of the Orpheum, reached the ears of the man who had the turnip poised in air. On the instant the turnip was dropped and it began its descent.

The star, however, made no attempt to catch the vegetable as it fell. There was an understanding between Bedini and the thrower that the first turnip was to be dropped for the purpose of showing the direction of the wind and what effect it might have upon the missile.

### STRIKES WITH THUD.

The turnip struck the sidewalk with an ominous thud. Bedini stood erect for a time. Then he spread open his arms. The head was turned backward and the face upturned towards the heavens. There was an echo report of the pistol and, in the twinkling of an eye, on the twine-bound turnip shot downward.

Bedini watched its every movement. It was traveling at the rate of 99 feet per second, when the fork caught it, and

a blow of 168.8 foot pounds. It was stopped with a suddenness which, it seemed, should have crushed the performer. Bedini had, however, braced himself for the shock. He felt it of course, and was thrown back into the arms of friends who stood near by. Those near the star who had witnessed the act cheered and those on the outer lines took up the shout. Bedini had won.

### BEDINI UNCONCERNED.

The victor was the least concerned in the crowd. He bore his honors with modesty and after he had been deposited in his automobile shook hands with and received the congratulations of scores. The auto in which he was driven away was his own. It had just come into his possession by the successful accomplishment of the act which THE TRIBUNE had induced him to essay. The machine was presented to him by the Haymer Automobile Company in appreciation of the daring.

Shortly after the performance, in speaking of his act, Bedini said: "I am willing to admit that there is danger great danger in this act of mine. I need not tell you what every boy or girl who passes, through the ordinary schools knows, that a falling object is heavier than an object at rest. It is needless either to advert to the self-evident fact that the higher the point from which an article falls, the greater the blow it delivers when landing. It requires a number of qualifications to perform an act of this kind. A man must be strongly built. He must have a sound body. He must have nerves that are under control. He must be able to concentrate his mind upon the fact that in an instant he is to act in a manner which may prevent him from meeting instant death. He must think and act in less than the twinkling of an eye."

### RECEIVES REWARD.

Last night at the Orpheum there was a packed house to witness the presentation to Jean Bedini of the check of THE TRIBUNE. This presentation was made by B. A. Forrester, financial manager of THE TRIBUNE, who spoke as follows:

"Ladies and Gentlemen: Since time immemorial it has been a popular custom to acclaim and reward in public those who distinguished themselves on the field of battle or in the heroic performance of their civic duties as well as those who won their laurels by athletic adroitness."

"Feats of strength and endurance as also feats of extraordinary dexterity, especially when coupled with an evident display of presence of mind and self-control under extremely dangerous conditions, always have elicited and always will elicit from the American public generous expressions of praise and applause. "This afternoon we have had the unusual opportunity of witnessing as daring a performance as has ever been exhibited in any city; and it, therefore, behooves us to hasten to honor and reward the man who, without a tremor or hesitancy, accomplished a perilous deed that few have ever attempted and none but he have ever carried to success."

### SATISFIED WITH EATING.

"I presume it is safe to say that most of us would be quite satisfied if turnips are served us in the ordinary way without the expectation of monetary recompense, but in this specific instance we thought it only just and proper that we should offer a golden reward with this particular turnip, because it was served in a most uncommon and rather forceful manner, and, building and came from above, it might easily have resulted in sending the recipient to a region of somewhat doubtful location."

"When Mr. Bedini arrived in Oakland the management of the Orpheum informed THE OAKLAND TRIBUNE of the wonderful ability of this man and THE TRIBUNE, always on the alert for special features with which to entertain the multitude of its intelligent readers and faithful supporters, immediately arranged for the marvelous exhibition of skill and grit which we were delighted to witness this afternoon."

"Mr. Bedini, you have fairly and squarely earned the reward which THE TRIBUNE promised you and, therefore, on behalf of the management of THE TRIBUNE, I take pleasure in presenting you with this check for two hundred and fifty dollars in gold coin of the United States, on the Central National bank of this city and also with this beautiful bouquet of American Beauty roses as an especial mark of THE TRIBUNE'S esteem for you personally."

The presentation of the check and the bestowing of the check and roses were greeted with applause.

### SHARES THE HONORS.

Bedini made a very brief address, stating that he was not the only person who was deserving of commendation. There were others who deserved consideration, among them the manager of THE TRIBUNE, the Orpheum, the superintendent of police and the people of the city itself. He had performed the act of the afternoon in a number of cities, but it had never aroused the same degree of interest that it had in this city. He then went on with his glowing act to the delight of the auditors.

## Women's Misses' and Children's Lingerie Hats \$4.95 to \$10

THAT the woman's or child's face is but a picture waiting for the right kind of frame is the impression given when trying on one of these Lingerie Hats. And isn't it a queer conceit of fashion which makes the child's hat becoming to the woman, and vice versa? They lend a soft, youthful charm to the older faces and bring out all the freshness and beauty in the face of a child.

Dainty, quaint styles in the Charlotte Corday and First Empire effects. The crowns are of fine, sheer embroidery or Val lace with trimmings of shirred ribbons, rosettes, etc. These correct, dressy shapes are what you will want to wear with your summer frocks. Very chic for the garden party or summer resort.

## BURGLAR TOOLS GET MACHINIST IN TROUBLE

SAN FRANCISCO, May 5.—Lamar Howe, 23 years old, a machinist, claiming to come from Davenport, Ia., was arrested today by Patrolman Flynn, and charged with having burglarized the man acting suspiciously. Flynn followed him into a house at 722 Golden Gate avenue, where he found him in a bedroom, fully dressed. He claimed the apartment was his and when this was found not to be the fact it was discovered that a re-

volver had been thrown carelessly under the bureau and that he had several skeleton keys on his person.

Rev. Norman Plass, former president of the closed Redeemable Investment Company, of this city, will begin his trial in the United States District Court, on May 31, on charges of using the mails to defraud.

## 'NOT GUILTY,' PLEAD SENATORS

Indicted Ohio Legislators Arraigned on Charge of Soliciting Bribes.

COLUMBUS, May 5.—State Senators George K. Catone, I. E. Huffman and L. R. Andrews; Representatives C. A. Lowry and George E. Nye, and Senate Sergeant-at-Arms A. G. Diegel, under indictment for soliciting bribes, were arraigned today before Judge E. B. Kinkaid and pleaded not guilty.

Prosecuting Attorney Turner said that many unsigned communications had supplemented and strengthened the data in his possession relating to the alleged corruption in the general assembly.

The accused legislators, with the exception of Nye and Lowry who were arraigned later, were brought in along with seven criminals, one a murderer and others accused of petty thefts and burglaries.

Following the plea of not guilty, the prosecutor set the trials for the week after next.

## INJURED WHEN CAR COLLIDES WITH WAGON

SAN FRANCISCO, May 5.—While driving his hack across the tracks at Ellis and Polk streets at 7 o'clock this morning, Harry Irwin was thrown from his seat and painfully injured in a collision with a car.

An eastbound car of the Ellis line, speeding down the hill, struck the rear end of the vehicle and Irwin was hurled from his position. He was treated at the Central Emergency hospital for a lacerated scalp and a possible fracture of the skull.

## CITY ATTORNEY UNDER KNIFE FOR APPENDICITIS

BERKELEY, May 5.—Following an operation upon his predecessor in office, City Attorney B. D. M. Greene submitted to the knife for a case of appendicitis at Alta Bates sanatorium this morning. The operation, performed by Dr. Wallace Terry and Dr. Brownell of San Francisco, was a successful one, and the patient is expected to be out of the hospital within a fortnight.

Frank D. Stringham, who recently resigned as city attorney and was succeeded by Greene, his assistant, was operated upon in a San Francisco hospital recently for kidney trouble, and had just returned to Berkeley and given up his office when his successor was compelled to go under the knife.

Stringham will attend to the duties of city attorney while Greene is in the hospital.

## WHAT'S THE COLOR OF TURTLE EYES?

Also Are Its Legs Really Flippers or Its Flippers Merely Legs?

BOSTON, May 5.—Are a turtle's flippers legs or are his legs flippers? What is the color of a turtle's eyes? These and many similar questions are under consideration in the Superior Criminal Court here in the case of John E. Weiner, who is on trial on the charge of inflicting unnecessary pain on a large green turtle that was on exhibition in a store window last summer.

Prof. Robert A. Yerkes of Harvard University, qualifying as an expert at the opening of the trial, told the court that a turtle could live for two weeks on its back, but that it would suffer. Professor Yerkes thought that the turtle in question suffered by the way in which it moved its flippers, or its legs, and because its eyes were bluish.

## REDWOOD ELECTS CARNIVAL QUEEN

REDWOOD, May 5.—Miss Violet Noll, daughter of O. W. Noll of this city, has been chosen queen of the children's floral parade which is to be the great feature of the carnival here today and tomorrow, May 5 and 6.

This carnival is being given under the auspices of the Women's Club of Redwood city. It opens today with a gypsy automobile parade, and will close on Saturday night with a calico ball, for which the costumes will be fashioned from calico in the old-fashioned country style.

A parade of children's vehicles will be the feature of the Saturday afternoon part of the carnival. It will start from the Redwood city school and it will effectively demonstrate the infinite variety of vehicles which are used by youngsters.

## GRANTED DIVORCE FROM HER CONVICT HUSBAND

Because her husband is serving a long term in the penitentiary at San Quentin for killing a man in San Francisco last July, Phoebe E. Eudleston of 1312 Thirteenth avenue, was granted an interlocutory decree of divorce from Charles E. Eudleston by Superior Judge Ellisworth. The couple were married in Fort Washington, Wis., in August, 1905.

## Mott's Election Means Oakland's Continued Prosperity.

The uninterrupted progress and prosperity of Oakland is dependent on the election of Frank K. Mott to serve as mayor for the next four years. It is a self-evident proposition which must convincingly commend itself to every thoughtful citizen who earnestly and sincerely desires the future welfare of Oakland. The failure of his election will throw everything in the air. Oakland is in the most critical stage of its development. It is beset within and without by those who are working to arrest its progress and prosperity and defer, if not defeat, its natural ultimate destiny.

Until Mott was elected mayor six years ago these anti-progressive agencies were paramount. During the half century prior to his first election to the office the roster of Oakland's chief executives contains the names of some of the brainiest men figuring in California's history. But they either lacked the practical quality which Mott possesses in an eminent degree to work out successfully Oakland's manifest destiny or were so far in advance of their times that the citizenship of Oakland was incapable of grasping the purport of their policies and benefiting by them. The man and the opportunity and the condition of the public mind met harmoniously when Mott was first elected mayor. Mott had the wisdom to see it, the practical experience to apply it, and the community the intelligence to recognize it and co-operate in carrying out his enlightened ideas of municipal progress.

For six years Frank K. Mott has been Oakland's ideal mayor. He has laid out such plain, common sense, practical policies for municipal development that the dullest intelligence has been able to comprehend them and has given them the heartiest support. As a result Oakland has been farther advanced during the past six years than it was during the preceding fifty years. It has more than doubled in population and wealth, and its settled area has trebled.

Mayor Mott's administration has been notably free from internal contentions. His policy has been for the harmonious conduct of public affairs, the settlement of long, costly and irritating contentions and the upbuilding of Oakland's best and most substantial interests. During his administration, the citizens of Oakland have witnessed the close of fifty years of costly litigation over the ownership and control of the waterfront and its restoration absolutely to the jurisdiction of the municipality. And with it has been inaugurated, under his wise initiative, a plan for the improvement of that great inheritance which will ultimately make Oakland the largest and most important commercial city on the Pacific Coast. The wisdom of the plan was recognized by the community, which cheerfully bonded itself to carry it into effect. The great works for the commercial improvement of the waterfront are now under way, but they are in that stage of development where it is essential that their originator and promoter shall be retained in control to assure their completion without delay.

During Mott's administration also the sanitary condition of the city has been placed on a permanently satisfactory basis. What were previously temporary makeshifts in its drainage system have been reconstructed on scientific and permanent lines to endure for all time. The groundwork has been also laid for the convenience of business and the adornment of the city by the construction of permanent pavements for its main thoroughfares, the laying out and construction of boulevards, the purchase and improvement of park lands, and the construction of public buildings which, combined, are making it one of the most beautiful and also one of the most attractive cities to homeseekers and business men on the continent. Every owner of property in Oakland has substantial reason for appreciating the effect of the Mott policies on his holdings, for land values have advanced during the period of his administration as they never did before in the city's history. Mott's progressive spirit has aroused a similar feeling in others. Private improvements are consequently in progress on every hand. Oakland is growing faster than any other city on the Pacific Coast.

Does any sensible citizen who has the best wishes of Oakland genuinely at heart seriously believe that either he or the city can profit by making a change in the administrative head at this stage of Oakland's development? At present, all of the great public works started are in a formative state—all of the progressive policies inaugurated are in the earlier course of development. It is sound business policy that the man who has been chiefly responsible for the inception of these policies should be retained in the public service to carry them out to a practical fulfillment. In the private affairs of life a change of management at such a critical stage would be regarded as risky and ruinous. In the affairs of the community the importance of the conditions are magnified a hundred fold. It stands to reason, therefore, that the only sane and safe course for the citizens of Oakland is to re-elect Mayor Mott next Tuesday to complete the great public undertakings started during his past administration and carry out the beneficent public policies he has inaugurated.

The council of the English city of Bradford has adopted new by-laws regulating street trading by children. It prohibits all children under eleven years of age from street-trading. Any person under the age of sixteen must be furnished with a license granted by the council to qualify him or her to engage in street trading. Any person between the ages of eleven and sixteen, unless physically or mentally deficient, or who has not received the consent of his or her guardian to be so employed, is qualified to receive a license, and the application for it cannot be refused. Persons so licensed must wear a badge provided by the council. The new by-laws prohibit street-trading after 8 p. m. and on Sundays; they also prohibit the licensee from entering premises licensed to sell intoxicants for consumption on the premises, or any premises licensed for public amusement, to sell or deliver goods. And unless exempted from school attendance the licensed person is prohibited from street-trading during school hours. Every licensed person must, moreover, be decently and sufficiently clothed.

The government of the Republic of Brazil has not waited for the President to issue his invitation to the nations of the earth to participate in the Panama-Pacific Exposition of 1915, but has announced through its special commissioner that buildings to house Brazilian exhibits will be erected on the San Francisco Exposition site and also on the grounds of the San Diego fair. President Taft's invitation to foreign nations to participate is being delayed until the question of the site of the exposition is settled, the competition for which has narrowed down to Harbor View and Golden Gate Park. Assistant City Engineer H. D. Connick has submitted to the executive committee of the Exposition Company a disinterested report of the cost of preparing these two sites for exposition uses. It covers in detail the preparatory work necessary on each site and the estimated cost thereof. Connick's figures show that the Harbor View site can be prepared more readily and at much less cost than the western half of Golden Gate Park. The report has disturbed the advocates of the park site and correspondingly elated those who are urging the adoption of Harbor View.

## Baccus Has Valid Claims for Election.

In the primary election for the nomination for Commissioner No. 2 in the new form of municipal government created by the new charter, Councilman William J. Baccus achieved a well-merited victory as a reward for eight years of faithful and intelligent service in the legislative body of the municipality. During the whole of that period he has proved capable and trustworthy. His voice and vote have been employed invariably in favor of every measure conducive to the city's best interests. He has been a consistent advocate of municipal progress, and he never failed to give hearty support to every provision for public improvement.

Oakland is indebted to him in no small degree as the author of the ordinance which resulted in equipping the city with a salt water supply system as an additional protection for the central business quarters against the ravages of fire and the reduction in the insurance rates which has followed its installation. Its property-saving influence has since been amply demonstrated, and the plant is a monument to Baccus' practical worth to the community.

Baccus' long experience as a Councilman has given him a thorough acquaintance with the details of the government of the city. This is a municipal asset which is, in itself, valuable enough to make it desirable to retain him in the city's service. His election as a Commissioner will secure it for the next four years. With the problems relating to municipal administration affecting the economical uses and application of the public revenues which may be naturally expected to confuse the novice in the economic management of municipal affairs, Baccus' long experience has made him an expert in their solution. His conceptions of public policy in its relations to all of the departments in the city government are, however, broad-gauged. He believes, however, in a liberal and progressive solution of every problem arising in the course of municipal growth and development consistent with the city's ability to meet it.

As a trustworthy representative of organized labor, he carries powerful influence in the community. But he is fair-minded in the exercise of it. For eight years he has been president of the Bricklayers' Union and although an employer of labor, he has not disdained co-operating with his employees in the practical use of the trowel, as has been illustrated recently by him in the erection of the walls of the new addition to the Realty Syndicate building. As a practical brick mason his sympathies are with the practical worker, and as a Councilman he has invariably championed the interests of the practical worker whenever occasion arose. Baccus has never failed to give evidence of his civic patriotism and loyalty to the working classes, and that without dealing unfairly with the employing class. He has, thus, fairly won the confidence and respect of all classes in society, and the efficient and intelligent service he has given as a member of the Council during the past eight years is a sufficient guarantee that he will make an equally good record as a fair-minded and progressive Commissioner. He has, therefore, a valid claim for the support of all citizens as a candidate for Commissioner No. 2 at Tuesday's election.

The New York branch of the National Plant, Flower and Fruit Guild is said to have distributed 30,000 bouquets last year among the sick and the poor of the big city. These bouquets were made up from the floral decorations of the social functions of the exclusive Four Hundred. The recent Gould-Decies wedding yielded a thousand bouquets. While society has no use for the costly flowers after the function is over, through the work of the Guild they are utilized to contribute to the comfort and pleasure of the poor and the sick of the great metropolis, to both of which classes the fragrance and brilliant colors of flowers are a great luxury, and their temporary enjoyment helps to relieve human misery.

One of the indications that Oakland and Alameda county are much in evidence in the public mind in the Eastern States is that contained in an application received by the Board of Supervisors from the executive committee of the American Land and Irrigation Exposition of New York for an exhibit of the county's products to be displayed at the exposition, which opens November 3. The county exhibit displayed at the recent Omaha Exposition attracted more attention than any other exhibit in that fair. The direct effect of such exhibits is to turn the tide of home-seekers and investors this way.

## WANTS OAKLAND STREET DRAINED

Surface Waters Not Properly Taken Off, Says City Engineer.

Recommendation that the city engineer's office prepare plans and specifications for drainage work to relieve conditions from surface water at Adams street near Euclid avenue will be made to the City Council Monday night. An examination of the situation shows that in this block at a point about 400 feet north of Perkins street, there is a valley which has no outlet except across improved private property. To the Honorable, the Council of the City of Oakland. Gentlemen: My attention has been called by a number of property owners to the lack of proper drainage of the surface water on Adams street between Perkins street and Euclid avenue. An examination of the situation shows that in this block at a point about 400 feet north of Perkins street, there is a valley which has no outlet except across improved private property. I would recommend that you direct this office to prepare plans and estimates of the drainage work required here. Very respectfully, F. C. TURNER, City Engineer.

## READY FOR DAVIS PICNIC TOMORROW

UNIVERSITY OF CALIFORNIA, May 5.—Much interest is being shown in all portions of the State in the third annual basket picnic, which will take place at the University Farm at Davis tomorrow. These picnics, because of the good times that are enjoyed by all who attend, are becoming important features in the life of the institution. The beautiful grounds and buildings of the University farm are thrown open to all who attend. The occasion is one of great interest as well as of general pleasure because of the large fund of valuable information which

is available to all persons in any way interested in agricultural pursuits. This picnic also serves as a "get together" for the people of the great central valley of California.

## SEEK RELEASE OF ACCUSED COUPLE

SAN FRANCISCO, May 5.—A writ of habeas corpus was sworn to before Judge Cabaniss today in an effort to prevent the taking into custody by the United States officials of William and Maude Rodgers, suspected of being connected with the Auckland jewelry robbery. Chief Seymour, this morning turned them over over the marshal, and they were about to be transported to the Alameda county jail when the habeas corpus papers were served. The hearing was set for this afternoon.

## TRAIN IS DITCHED; ONE MAN MISSING

LOS ANGELES, May 5. — News reached the offices of the San Pedro, Los Angeles and Salt Lake railroad in this city today of the wrecking of the east-bound train leaving Los Angeles Wednesday, 150 miles from Salt Lake City at midnight last night. The bursting of the Sever river dam is said to have caused the wreck. Baggageman J. R. Mort of Los Angeles is missing and is supposed to be in his car submerged in 35 feet of water. He was the only one injured or unaccounted for. The smoker, mail car and a refrigerator car of strawberries were derailed.

### RUSSIANS TO PLAY RETURN CONCERT

Symphony Orchestra Will Be Heard Tomorrow Night at Berkeley.

The big crowd that enjoyed to the fullest the music of the Russian Symphony Orchestra in the Hearst Greek theater yesterday afternoon will return and will bring all their friends and neighbors for the second and last concert at the classic Berkeley amphitheater tomorrow night. A wonderful program has been arranged

for this occasion, half Wagnerian and half in their native Russian, with works principally of the Russian Beethoven, Peter Tschalkowsky. The offering follows in full:

PART I. (Russian).  
Overture to the opera "Russian and Ludmilla".  
Suite—"The Nutcracker" (first time with original orchestration).  
Vocal quartette—"Night."  
"Andante Cantabile" (for strings).  
March—"Slav".  
Nos. 2, 3, 4, 5, by Tschalkowsky.  
Tannhauser—Overture.  
Siegfried—"Waldweben."  
The Russian Symphony Orchestra is enjoying great popularity at the Scottish Rite hall in San Francisco this week.

Concerts will be given tonight, when the special program features are the music from "Natoma," Edgar Stillman Kelley's Chinese suite "Alladin," etc., tomorrow afternoon when Pepto Arfola plays the Liszt concerto with them, and Sunday afternoon when they give a special program of novelties for their farewell.

**BLUE AND THE GRAY TO MEET AGAIN AT BULL RUN**  
WASHINGTON, May 5.—Plans for a great fiftieth anniversary love feast to be attended by the Union and Confederate soldiers who fought each other in the battle of Bull Run, were made in Washington last night. The meeting is to be held July 1 on the field where the men met fifty years ago and it is expected that several hundred of the soldiers on each side will attend.

### WOMEN'S LEAGUE HOLDS A MEETING

Mrs. Taft and Mrs. John Hays Hammond Take Active Part.  
WASHINGTON, May 5.—The annual meeting of the women's welfare department of the National Civic Federation is in progress in this city today. The business session was held at the home of Mrs. John Hays Hammond, national chairman of the department, the program including addresses by Mrs. Hays, Mrs.

Seth Low of New York, president of the Civic Federation; August Belmont, chairman of the department of workmen's compensation, and William R. Wilcox, chairman of the employers' welfare department.  
Mrs. Taft, wife of the president, an honorary chairman of the women's welfare department, was an active participant in today's meeting. She will entertain the visiting delegates late today at a garden party at the White House grounds. A reception tonight by Mrs. Hammond will bring the meeting to a close.  
**RULERS GUESTS OF DUKE.**  
KARLSRUHE, Duchy of Baden, May 5.—Emperor William and the Empress arrived here yesterday to be the guests, with King Gustave and the Queen of Sweden, of Grand Duke Frederick. The German imperial party sonages reached Genoa from Corfu on the royal yacht Hohenzollern last night.

### TONS OF READING PLACED ON SALE

Volunteers of America and Salvation Army Offer Old Magazines.  
Twenty tons of reading matter may be had for a small price by any one who wants to provide for the long winter nights to follow the summer and fall of 1911.  
Magazines of almost every kind are collected daily throughout the bay cities by the Salvation Army and the Volun-

teers of America, which have their industrial stores at Webster and Sixth streets, this city. The county superintendent of school has agreed to send word to all school principals throughout the county that they will be able to secure the leading magazines for use in the schools for distribution among the pupils at the price of half a cent a copy. One of the Berkeley pastors has been buying magazines all winter in this city at the rate of 50 cents a hundred pounds for distribution and for his own use.  
The general public furnishes the literature to the local branches of the Army and the Volunteers, and may secure their reading, and have it delivered, at the rate of 10 cents per dozen copies of standard publications.  
The Salvation Army Industrial Home is located at 331 Webster street, the industrial store of the Volunteers of America at 365 Sixth street, near Webster.

## Carnival Spirit Will Animate Annual Garden Party at the Old Foster Place

The Oakland Boys' Club Concert Band will play for the Ladies' Relief Society Saturday, May 6, at the old Foster home, corner Webster and Orchard streets. —Peters, Photo.

The carnival spirit will prevail at the annual garden party to be given by the Ladies' Relief Society of Oakland tomorrow in the Foster grounds, corner Webster and Orchard streets. It will be children's day. All kinds of amusements have been provided for the youngsters, who have been looking forward to the event with interest. The pony riding through the picturesque grounds will be one of the novel methods of entertaining the boys and girls. The older people will take part in the wheel tournament which will be held in the Foster mansion.

About 1:30 the gates will open and the festivities commence. There will be fun from the time the patrons enter the grounds until dusk. During the entire afternoon the Oakland Club Boys' band will give a program of popular musical selections.

### ATTRACTIVE BOOTHS.

Many attractive society girls and matrons will preside at the various booths and concessions. The members of the exclusive set have devoted their spare moments to collecting material for the booths, which will contain useful articles

for the home, as well as holiday gifts of all descriptions.

No effort has been spared in making the party a success, and according to the manner in which the tickets have been disposed of by officers, directors and manager of the society, it will surpass those of previous years held in Rosewood park. Accommodations are being made for 1000 people.

Those who will aid in distributing the articles at the booths are:

## HOME INDUSTRY ADVOCATED BY COUNCILMAN STACHLER

A number of the prominent candidates in the present campaign addressed a meeting of the Butchers' Exchange last night held in Foresters' hall, Thirteenth and Clay streets. Among the speakers were Councilman Eugene Stachler, candidate for commissioner No. 3, who was enthusiastically received and after commenting upon the fact that he had resided all his life in this city and, as councilman-at-large during the last four years, had always advocated the principle of fostering and advancing the local interests of the city, said:

### HOME INDUSTRY.

"I believe that all work of public improvement should be exclusively handled by local firms and wage-earners, and am opposed to the giving of public contracts to outside firms and to the employment of outside labor on public work. Much has been said during the present campaign about the public improvements started under the present administration and a disposition has been shown to claim all the credit therefor on behalf of the board of public works.

"Are not the members of the council entitled to some credit? What could have been accomplished in the way of public improvement or advancement had it not been for the progressive spirit manifested by a majority of the members of your city council?"

### ENTITLED TO CREDIT.

"I do not want to seem to be egotistical, but I think I am entitled to claim some credit for my work for

public improvement and along progressive lines as a member of the Oakland city council, and that the entire credit should not be given to my worthy opponent, who, during the same period, has acted as a member of the board of public works.

"I elected to the position of commissioner I shall devote all of my time to the business of the office in an honest endeavor to give the city of Oakland a progressive, economical administration of her affairs."

## GAS IN YOUR STOMACH NOT ALWAYS DYSPEPSIA IT'S NERVOUSNESS

Your nerves very often make your stomach irritable. It refuses to work; food does not digest and Gas forms.

That's one kind of Dyspepsia, the Nervous kind, and this kind you can cure only by a Remedy that acts directly on the Stomach Nerves.

Bauman's Gas-Tablets do this to perfection. They are made especially for Gas. They act on your Stomach Nerves, they quiet the irritable, rebellious Gas forming Stomach, and not only relieve, but cure Gas permanently.

Really it seems a pity if you suffer from Gas in the Stomach and Bowels not to try Bauman's Gas-Tablets. These peculiar tablets are sold for 50c a bottle by nearly every druggist. If not in stock tell him to get them for you from his wholesaler, or send 50c in silver, stamps or money order to Hahemann Pharmacy, 234 Sutter street, San Francisco.

## BOARD REFUSED TO BE POLISHED

Maude D. Lewis Was Willing  
to Be Carpenter, She  
Tells Judge.

When the annulment suit of Maude D. Lewis against Edwin S. Lewis came up before Judge Frank B. Ogden yesterday, the jurist made the statement that a wife should act like a carpenter and the husband like a board. In that a wife should, figuratively speaking, do the planing and polishing of the board, or husband, and make of him just what she desires.

"A carpenter will take a rough, unsightly piece of board and plane it down and polish it until it becomes a burnish-

ed piece or mahogany or birdseye maple, as the case may be," he explained.  
"Now, a wife is like a carpenter. She should take her husband and work over him and polish him up as the carpenter does the board."

### BOARD WAS BAD.

"That may be all right," Mrs. Lewis replied, "but you've got to have a good board to work with, and I didn't."

The court continued the case for further hearing until Monday.  
Rita McBroom spanned her husband Alva until he got a divorce from her yesterday on the ground of cruelty. He told the court that when he was forced to leave her she obtained a position as a school teacher in Siskiyou county, where, he said, she would have a "larger field in which to inflict corporal punishment when her temper moves her."

## Dead Man Is Host At Surprise Party

Ambulance Brings Motorman's  
Corpse to Friends Who Had  
Met to Honor Him.

DENVER, May 5.—To a group of friends gathered at his home to give him a surprise party, a police ambulance last night brought the body of Clark W. Green, 25 years of age, a motorman on an interurban trolley line. Green, apprised of the party, was hurrying home on his bicycle and collided with an automobile. His skull was fractured and he died a few moments later.

## CHAMPION CAUSE OF MISS BROWN IN CAMPAIGN

Oakland High School Graduates Lend Support to Her Candidacy.

ORGANIZE COMMITTEE FOR THAT PURPOSE

Aspirant for School Director Makes Speech Before Home Club.

Former graduates of the Oakland High School have organized a campaign committee to assist Miss Annie Florence Brown, nominee for school director No. 5, who is assured the support of the largest civic, political and social organizations of this city in the election May 9. The teachers of the schools of Oakland, as well as many other men and women of this community, are assisting Miss Brown to win a place on the local Board of Education. Her excellent record in the Oakland High School and her understanding and appreciation of the child mind has won for her a high place in the educational circles of this city, where she has lived the greater part of her life.

The broadest ideals of manhood and womanhood are advocated in Miss Brown's platform as expressed recently in an address which she delivered before the members of the Home Club of which she is a member.

### NO LONGER A HAMLET.

"In order that our schools may cope with the schools of other cities, we must place upon our school boards of education only such persons as are qualified for that important office," said Miss Brown. "We are no longer a hamlet, but a busy, active city, with varied interests. That our schools may advance in proportion to our other activities more care must be taken in the choice of our school directors. The schools have grown to such an extent, and education has become so complicated, that the community must demand more of its school directors. To be successful in that office one should have at least three necessary qualifications. They are education, experience and temperament."

### EDUCATION OF WOMAN.

"Education today means not only the making of a living but the making of a life. Are we best fitting the girl for her duty in life? Although many who do not go to college may earn their living for a few years they ultimately marry. Have we helped these girls to become better wives and mothers? Could we not do more to make them a higher type of womanhood; a more intelligent factor in their homes; a more valuable member of society?"

"Could they not be taught a broader domestic science, including not only household sanitation, but the artistic arrangement of the home? These are questions that must be answered by the thinking men and women of this community, who have the interests of their children at heart."

### PARAMOUNT VIRTUES.

"Integrity of character, honesty and self-reliance should be uppermost in the minds of the teachers and the parents, who are striving to educate the members of the rising generation to live noble lives. Character-building commences in the schools, where the standards of morality should be high and the practical ideals of clean living should be inculcated in the minds of the young while their brains are developing. During the tender ages of a child's life he is receptive to all impressions and the teachings and principles placed before him become a part of his being and serve as a guide throughout his life."

"In this age of civilization we want men and women who will leave something to posterity to emulate. Children require not only the cultivation and training of their intellect, but they need to be taught the importance of living honorable, upright and moral lives."

AN OPPORTUNITY is yours today to get a good value for whatever you pay. The same condition existed yesterday. The same condition will exist tomorrow.

Every one has the privilege of comparison. Thirty-five years of Piano experience as Piano dealers permits us to buy Pianos at as good a figure as any retailer in the world. We know that the agencies we control are the best that can be procured. Every Piano when considered from the angle of quality is the best that can be purchased the world over for the money. We know this, and it is our success or failure in convincing YOU of this fact.

A million miles of writing like this will not convince you. A few moments' personal inspection will, either favorably or otherwise. All we desire is an opportunity of permitting you to judge of the honesty of our claims. We know that THE WILEY B. ALLEN principle is the right principle—that it will protect your investment in every respect. If this principle is right we merit your patronage. If our square dealing—out in the open policy—in which dollar in quality is exchanged for dollar in money is the principle you feel safe under, it is right that you give yourself this opportunity of seeing our Pianos.

After comparing with any others you may see—you will decide where you are best suited. All we ask is an opportunity of showing you our goods and our methods. It is asking of you but a few moments' time. Compare our prices with any other concern in existence. Buy where your best judgment dictates, but offer yourself an opportunity of comparison. It is your protection.

NEW YORK, May 5.—Sitting in the best cabin on board the steamship George Washington, sailing for Europe, Oscar Hammerstein, surrounded by his son and daughter and many friends, gave voice yesterday to the hope that soon he will be in position to again present grand opera in New York. A reporter asked: "Are you leaving us for good?"  
Hammerstein replied: "Oh, no! I will be coming and going, and maybe soon will give some opera here again."

FIRE DRILL BILL.

### UNITED OIL

stock at 25c per share. Today it is quoted at 92 bid, 95 asked, and steadily advancing. It will sell for \$1.50 per share within 60 or 90 days.

Only a little over a year ago we recommended and sold to our clients

### PYRAMID OIL

stock at 25c per share. Today there is an eager market for all Pyramid stock offered at from 65c to 75c per share. Pyramid will sell at from \$1.50 to \$2.00 per share within 60 days.

Less than three months ago we recommended and sold to our clients

### MIDWAY ALLIANCE

stock at 12c per share. Today it is quoted at 17 1/2c per share, and it will sell for twice or three times this price within three or four months.

### Every Oil Investment

### Advised by Us Has Made Good

For two years we have dealt exclusively in California oil securities. Every oil investment advised by us during that time has subsequently made big money for the purchaser.

This fact should compel the attention of every citizen of California who has a dollar for investment. Oil will be the greatest industry of California for twenty-five years, and now is the time to secure some high-class oil investments that will make you financially independent.

## WE OFFER YOU UNEQUALED SERVICE

During the past two years we have built up a superb organization of men who know the oil industry of California in every detail, and we are now in better position to give our clients money-making advice than ever before.

We urgently advise the immediate purchase of the stocks above named. The May 2d issue of the

### "CALIFORNIA OIL BULLETIN"

which we issue semi-monthly for the information of our clients, contains comments on sixty different California Oil enterprises, and complete detailed facts about the United, Pyramid and Midway Alliance Companies.

Phone, wire, write or call at our office today for a free copy of the "California Oil Bulletin" of May 2d. It contains facts you ought to know.

## HOUSE HAMMERS FREE LIST BILL

Senate Twirls Thumbs and Lets Congressmen Do the Work.

WASHINGTON, May 5.—The House was still hammering away today at the farmers' free list bill, while the Senate ostensibly was idle. As a matter of fact, however, the senators are unusually busy. Many of the recently organized committees were at work and attempts were being made to get the Senate machinery adjusted. The wheels of the upper executive body have not been running with smoothness this session and the friction does not give promise of diminishing in the near future.

A Republican caucus to select a president pro tem of the Senate to replace Senator Frye, who has given up the position because of ill-health, is expected on Monday, the day the Senate is next scheduled to meet.

### MAY BLOCK SELECTION.

If the regulars do not name a Senator acceptable to the insurgents, the latter may put a candidate in the field and thus block a selection, neither side being able to control the situation as against the Democrats, while the latter, of course, cannot muster the necessary majority.

The debate in the House on the free list bill promised today to move with a little more rapidity. Chairman Underwood of the Ways and Means Committee formally announced he would force a vote on Monday. The bill will then pass and be sent to the Senate to take a place on the calendar following Canadian reciprocity.

## ALASKANS DUMP COAL INTO SEA

Failure to Act on Land Cases Results in Arousing Intense Feeling.

SEATTLE, Wash., May 5.—A mob of 300 men, emulating the Revolutionary heroes who formed the "Boston tea party" in 1773, went on to the dock of the Alaska Steamship Company at Cordova, Alaska, and began dumping into the sea 300 tons of Canadian coal stored there. The pile of coal attacked by the mob is valued at \$6000, and is part of the stock kept on hand by the Alaska Steamship Company and the Copper River & Northwestern Railway Company.

News of the "coal party" was received here by the Alaska Steamship Company in a cablegram from R. J. Barry, general agent for the company at Cordova. The message says:

### FEELING INTENSE.

"Feeling here is intense over the coal matters. A mob of over 300 men is now on the dock dumping Nanaimo coal into the bay. The authorities are powerless. The mayor is calling on the governor for help. There is no feeling against the company, but it is against the government on account of the report that action would be taken on the coal-land cases."

J. H. Young, president of the Alaska Steamship Company, said last night that he had been advised that the people of Cordova had threatened this action for some time. The mayor and local officials of the line have done everything possible to dissuade them from taking any such rash action, he said.

### REPORT ON IRRIGATION IN SAN JOAQUIN VALLEY

BERKELEY, May 5.—The United States Department of Agriculture will shortly issue a report entitled "Irrigation in San Joaquin Valley, California," by V. M. Cline, which is available for free distribution as long as the supply lasts on application to United States irrigation on each of the streams of the valley. This report gives an account of the physical and industrial conditions in San Joaquin valley and describes present irrigation on each of the streams of the valley. There are over 7,000,000 acres of land in the floor of San Joaquin Valley of which about two-thirds are irrigable and more than a million acres now irrigated.

In connection with previous irrigation bulletins issued by the United States Department of Agriculture, this report provides a fairly complete statement of the irrigation conditions and problems of this important part of California.

## AFFINITY DRANK TO WIFE'S HEALTH

Mrs. Annie L. Higgins Blames Rival for Breaking Up Home.

One day Annie L. Higgins got hold of a letter addressed to her husband, Wilfred S. Higgins, she told an Oakland court. It was from a Mrs. E. Porter, of Iowa, and referred to the many good times she and Higgins had had together while she was visiting in Oakland.

This aroused Mrs. Higgins' ire as well as her suspicions and it was not long before she brought suit in the Superior Court for divorce. An interlocutory decree was granted to her late yesterday. Mrs. Higgins testified that after she saw the letter Higgins promised to behave himself, and did so for a little time. Then she says she became smitten on the charms of another fair creature, who one night led him to a restaurant for dinner.

Mrs. Higgins by chance saw the pair go into the restaurant, and called her brother by telephone. When he arrived they entered the restaurant and confronting Higgins and his companion in a private room. Mrs. Higgins upbraided her rival, telling her that Higgins was her husband and that she had no right to be with him. The woman made no reply, but turning to Higgins, said: "Well, isn't that good? Let's drink to it."

Both she and Higgins laughed heartily, lifted their wine glasses and drained them to the health of the married Mrs. Higgins. She retreated in rage and humiliation and left her husband for good that same night.

### STEAMER HITS WHALE, CUTTING THROUGH IT

SAN FRANCISCO, May 5.—Headed for San Francisco a few miles off the lightship yesterday, the British steamship Semirole collided with a whale, the sharp bow of the ship cutting through it. Captain Clark ordered the ship's engines stopped, but even with reduced speed the ship struck several other whales before she passed through a school of sea mammals.

LLOYD-GEORGE RECOVERS. LONDON, May 5.—David Lloyd-George reappeared in the House of Lords yesterday, being present for the first time since his physical breakdown. He introduced the long-promised plan of state insurance against unemployment, sickness and invalidity.

### ADMIRAL AND GENERAL ON PERRY COMMISSION

WASHINGTON, May 5.—President Taft today designated Rear Admiral Charles E. Clark, U. S. N., Lieutenant General Nelson A. Miles, U. S. A., retired, and former Representative W. J. Keifer of Ohio as members of the Perry Centennial Commission, which will supervise the erection of a memorial to Commodore Perry at Put-in-Bay, Ohio. Congress appropriated \$250,000 for this memorial and ten states are expected to contribute \$500,000 more.

REDWOOD CITY, May 5.—After a secret investigation lasting two days, of which Sheriff Jack Mansfield took per-

sonal charge, the county police are at sea in their efforts to discover the identity of the writer or writers that sent threatening letters to B. Danforth Weeks and Wellington E. Orton demanding blackmail.

Both Weeks and Orton are wealthy and influential citizens of the county, where they have resided many years. Weeks being a retired farmer and lumber operator of Woodside, and Orton owning a valuable ranch on the La Honda road near Woodside. On Monday both men received anonymous letters ordering them to each deposit \$2000 in their rural mail delivery boxes on that night or their homes would be blown up with dynamite.

## COMPLETE SURVEY OF NEW ROUTE

New Local S. P. Line to Towns  
in Suburbs Ready for  
Ties and Steel.

ELMHURST, May 5.—The engineers in the employ of the Southern Pacific railroad have finished the job of surveying the new route of the local service through Elmhurst and Melrose, and are now awaiting the arrival of steel rails and modern ties before laying out the new station districts. With the completion of this new suburban line, the company will be able to handle all of the travel from the entire annexed district of Oakland, besides the commuters of Hayward and San Leandro.

**VOTE ON FATE OF COWAN.**  
BISMARCK, N. D., May 5.—The senate, sitting as a court of impeachment, began voting yesterday on the charges preferred against Judge John Cowan. On the first charge, habitual drunkenness, only three senators voted guilty. There are 73 other charges to be voted on.

## LATEST NEWS FROM OUTSIDE TOWNS

### POST CARD WEEK IN SAN LEANDRO

Uncle Sam Is to Be Pressed  
Into Service in Interest of  
Cherry Carnival.

SAN LEANDRO, May 5.—Next week will be post card week in San Leandro. The committee of arrangements of the Cherry Festival have secured a quantity of post cards with a branch of luscious red cherries engraved across the top, which they intend to either sell or give to every resident of San Leandro. These cards will be mailed to all parts of the United States as an advertisement.

The votes in the queen contest are coming in thick and fast, and up to 3 o'clock yesterday afternoon more than 6000 had been polled. The young women in the contest are beginning to take more interest in the contest and the rivalry is becoming very keen throughout the city.

### 2000 CHILDREN TO BE IN LINE

Prizes to Be Awarded Schools  
Making Best Display  
May 13.

FRUITVALE, May 5.—As the monster parade of the Sunday schools of Fruitvale, with 2000 or more children in line arrives in Alameda on the morning of May 13, prizes will be given to the schools making the best display and having the largest number in line of march. These prizes will be presented by H. Morton, a business man of Oakland and president of the State Sunday School Association.

A basket lunch will be served at Lincoln Park, Alameda, after which a variety of games and sports will be enjoyed by young and old. There will be match games of baseball between young men from the different schools. A number of basketball games are being arranged as well as a tennis tournament.

There will be track and field meets, running and jumping contests, relay races, etc. At the same time all sorts of good times will be provided for the little folks of the schools.

**WASHBURN IN CHARGE.**  
Professor E. E. Washburn of Fremont High School has charge of the games and sports for the day. Only those who have taken part in the parade will participate in the games.

With thirteen or fourteen Sunday schools uniting in the parade, it is expected the affair will be one of the notable events of the season. Governor Johnson has expressed his regrets that official business would prevent his being present on the occasion.

It is expected that Fourteenth street will be crowded to view the march of so many little ones.

### SAN LEANDRO BOYS' CLUB WILL GIVE CONCERT

Affair Is to Be Testimonial of  
Members to Its Founder,  
Mrs. Farrelly.

'BE A GENTLEMAN' IS  
THE GOVERNING RULE

Organization Neither Bound by  
Sect, Creed, Social Status  
Nor Age.

SAN LEANDRO, May 5.—The San Leandro Boys' Club, supported by Mrs. R. S. Farrelly, and having on its membership list boys of every creed, age and social position, has just rounded out the first year of its existence. In the past year the boys of the club have much to show for their practice in the "gym" and concert hall. The purpose of the club has surely been lived up to in every respect. When the club was first started by Mrs. Farrelly, who is a lover of the youngsters, all arrangements were made for their comfort and education in athletics, but she prescribed no rules other than to impress upon the mind of each boy that all required of him was that he be a gentleman. Even the collection of dues was forgotten. Everything for the boys' higher education was given gratis.

In appreciation of what their benefactress has done for them, the boys will give a vaudeville show Saturday evening in St. Joseph's Hall. The show will consist of sketches, athletic performances and musical selections.

The following will be the program for the evening:

A. Reid, F. Jones, Ed. Dyas, J. DeMont, J. Silva, A. Birchenall, G. DeMont, G. Birchenall, L. Gillen, D. Cormack, C. Ashworth, A. Simney, G. Phillips, J. Smith, L. Smith, P. Sampson, J. Schmidt, C. Richardson, H. Schmidt, L. Stokess, E. Fraters, C. Ashworth, Ed. Fraters.

**WILBERT TO RESIGN**  
PLACE AS SECRETARY

HAYWARD, May 5.—Peter Wilbert, for many years secretary of the Hayward Chamber of Commerce, and one of the greatest boosters the town has ever known, will offer his resignation to the members of the executive committee to-night when they meet for their annual election of officers and an examination of the new by-laws and constitution. The officers of the chamber will be reluctant in accepting the resignation on account of the good work Wilbert has done.

**INJURED TEAMSTER**  
REPORTED IMPROVING

HAYWARD, May 5.—Frank Schmidt, a teamster who had a narrow escape yesterday afternoon when he fell from his seat on the top of a hay wagon while on East Fourteenth street, was removed from the hospital to his home early this morning, where it was reported he was resting easily. When picked up near San Leandro and taken to the office of Dr. Coleman yesterday afternoon, it was thought that he would not live more than a few hours, owing to a fracture of the skull at the base of the brain.

**THE Zeta Psi** fraternity, one of the oldest and best known in Berkeley, has sent out cards for a reception which it will give on the afternoon of Thursday, May 15.

A large number of smart folk from all the bay cities received cards. The affair is in the nature of a house warming, as the fraternity's new home on College avenue has just been completed. It is one of the handsomest in the college town. A feature of the building is the beautiful open court at the rear, which the members intend to make into a swimming pool.

The fraternity was established in Oakland forty years ago and is the oldest in the United States. The younger set of this city are planning to attend in full force.

## MARRIED TOMORROW.

The marriage of Miss Edna Cowie and Lawrence Knox Marshall will be solemnized tomorrow evening in the Church of the Advent, Rev. Jerome Trivett reading the marriage service. The bride will be attended by her sister, Miss Charlotte Cowie, and Miss Lilla Marshall, sister of the bridegroom. Reginald Marshall will act as best man for his brother.

The ceremony at the church will be followed by an informal reception at the Cowie home in San Leandro. Upon their return from their honeymoon Marshall and his bride will make their home in San Jose, where he holds a government position. He is the son of Mrs. C. K. Marshall and is a graduate of the University of California.

MRS. W. F. BARNUM, who is widely known in the bay cities.

daughter, Miss Pearl Schlueter. Miss Pearl Lou will assist Mrs. Schlueter in receiving the fifty guests asked to enjoy the evening.

## MRS. MAURICE WALSH, HOSTESS.

Mrs. Maurice Walsh gave a pretty appointed luncheon today in compliment to Mrs. Harry S. Howard (Chelle Sharp).

After the menu the sixteen guests spent the afternoon at the bridge tables.

## DINNER AND SOCIAL HOUR.

As the guests of Mr. and Mrs. Richard T. Kessler, a number of friends assembled in their home, Eleventh and Fallon streets, last evening for

dinner, which was followed by an hour of cards and music.

Those present were: Mr. and Mrs. A. J. Woolsey, Miss Margaret Zittlau, Miss Marie Hoeter, Miss Bessie Sankov, Mr. and Mrs. Joseph Swan, James S. Koford, Philip M. Carey, Louis Schussier, Miss Irma Kessler and Mr. and Mrs. R. T. Kessler.

## HOSTESS AT TEA.

Mrs. Leroy Briggs was a hostess at tea today at her home in Oakland avenue. The principal guests were Miss Amy Hill and Miss Della Darden. Miss Darden's betrothal to Archie Randall was recently announced. The marriage of Miss Hill and Paul Yost is planned for late in May. A luncheon is planned in her honor Tuesday

## NEW AMERICAN ANTHEM SOUGHT

School Children of Nation Asked to Write Song That Will Stir Blood.

CHICAGO, May 5.—Half a million dollars will be raised as a prize for the composer of a song that shall stir patriotism in the blood of the nation, if the plans of Dr. J. B. McFarland, president of the board of education materialize.

The president of the board of education has a plan by which every section of the country would have an opportunity to compete in a music writing contest. He believes that this can be brought about in the near future with the assistance of the board and other local organizations. Every school child in America will be asked to contribute a penny to the fund for the best national anthem. Each community will hold its own contest, the local winner to receive half of the amount raised by that community. The remainder of the sum will be forwarded to the headquarters of a national association, which body is part of the plan. When an anthem finally is selected from among the thousands expected to be submitted, Congress will be asked to declare it the national anthem.

Afternoon, May 16, by Mrs. Charles F. Baker, at the Baker residence in More Vista avenue. On Tuesday afternoon Miss Isabel Scupham will give a large tea, asking many of the younger set of the cities bordering on the bay to meet the bride-elect.

## COMPLIMENTARY AFFAIR.

Miss Theresa Harrington will give an afternoon for Miss Vivian Favor on Saturday, May 20, and a luncheon will be given for her by Mrs. J. Enzensperger on the following Saturday.

Miss Favor's marriage to William S. Miller will take place on Thursday evening, June 22.

## TO RETURN HOME.

Miss Mabel Riegelman will return to this city the middle of next week and will visit her parents, Mr. and Mrs. Meyer Riegelman. She had a most successful season with the Metropolitan Opera Company in Chicago and Oaklanders are very proud of the place that this young girl has already won in the musical world.

## MISS CARMEN SUTTON, HOSTESS.

Miss Carmen Sutton has asked a group of girls for the afternoon of May 12, when she will entertain them at the bridge tables.

## ENGAGEMENT ANNOUNCED.

Among the friends who assisted yesterday in receiving the large number of guests who called at the home of Mrs. William Stanton Perry, who with her daughter, Miss Ethel Perry, were hostesses at the family home in Berkeley, were: Mesdames H. N. Johnson, Charles Benbow, G. F. Madcock, Gunton Bradley, Arthur L. Wood, C. F. Jarvis, Howard Yeager, Chester Richardson; Misses Mary Benbow, Edith Nielson, Helen Mathews, Allen Lundy, Ellen Downey, Mary Riley, Elizabeth Smiley, Gene Baker, Lucie Pierce.

The surprise of the afternoon was the announcement of the engagement of the daughter of the house to Milton Richardson Johnson, also of the college to-day.

The bride-to-be is a former student at the State University and a member of the Mu Sigma Sigma and Alpha Phi.

Johnson is the son of Dr. and Mrs. H. E. Johnson of Berkeley. He is a University of California man.

The marriage will be an event of next month, and meanwhile the attractive Miss Perry will be the motif for many complimentary functions.

## DINNER DANCE.

Half a hundred guests will enjoy the hospitality of Dr. and Mrs. Charles Minor Cooper at the Claremont Country Club tomorrow evening.

Mrs. Willis Walker will be the complimented guest upon this occasion; and an elaborate dinner will be followed by a dance in the ballroom at the clubhouse.

The Cooper's spent much of their time in travel, and also resided in San Francisco for several months. They will spend the summer months with Mrs. Cooper's mother, Mrs. Edwin Goodall, on this side of the bay.

## TO GO ABROAD.

Mrs. E. B. Clapp and her two daughters, Edith and Miriam, are planning to leave about the middle of this month for New York, where they will remain for several months. They will spend the summer months with Mrs. Cooper's mother, Mrs. Edwin Goodall, on this side of the bay.

Mrs. Victor Metcalf has been very ill with typhoid fever.

## A HOSTESS YESTERDAY.

Mrs. Clinton Walker gave an informal afternoon yesterday at her home in Piedmont.

Mrs. W. F. Barnum is a young matron who has been much entertained by her wide circle of friends in the bay region.

INTERESTING NEWS FROM WASHINGTON.

A piece of news that will be of interest to many in this city and the towns of the bay region is the announcement by Mr. and Mrs. Gardner Williams of Washington, D. C., of the engagement of their second daughter, Gertrude, to Frederick De Courcy Faust, also of that city.

## WOMEN IN THE NEWS

### LADY DECIES ILL ON EVE OF CROWNING

Operation for Appendicitis May Be Necessary Before Day Passes.

NEW YORK, May 5.—The mother heart of Mrs. George J. Gould is being torn by the illness of her two eldest daughters, Mrs. Marjorie Drexel and Lady Decies.

While Mrs. Gould is constantly in attendance upon Mrs. Drexel at Lakewood, in anticipation of her new role of grandmother, word has just come from London of a sudden attack of appendicitis upon Lady Decies, who was Miss Vivian Gould. An operation may be necessary within forty-eight hours.

Mrs. Gould cannot go to Vivien without neglecting Marjorie. Efforts to reach Mr. and Mrs. George J. Gould failed last night, but those in position to know admitted the reports concerning the illness of Lady Decies.

At the home of Mr. and Mrs. Anthony Drexel, Jr., 1015 Fifth avenue, it was explained that Mrs. Drexel, too, was in Lakewood, where she is almost constantly attended by her mother. It is said that Mrs. Drexel does not feel strong enough to attempt to visit the coronation and that Mrs. Gould will probably remain on this side to be near her, although Lady Decies expects to be in the perceresses' gallery at that function.

News of Lady Decies' illness caused some consternation, as her busy social life was just to begin. Arrangements are completed for her presentation at court on May 10.

It is announced also that the Duke of Connaught, uncle to the king, with the duchess, will attend the first house party to be given by her ladyship in May.

## Give Up Jewels

PASADENA, May 5.—Dr. and Mrs. Orno Behr, prominent residents of this city, yesterday delivered to United States customs inspectors, upon their request, a necklace containing 62 diamonds and 12 pearls, worth several thousand dollars.

It was purchased by the Behrs in Paris during a recent visit to Europe.

Doctor Behr, it is said, does not deny that the necklace was brought into this country without the payment of duty, but says it was worn by Mrs. Behr about her neck when their effects were searched by the customs officials at New York upon their return.

This is at variance with the report that the customs officials traced the necklace through information from the postal authorities to the effect that an empty jewelry case had been received consigned to a banking firm here from Paris without anything on its face indicating the sender.

## Nurse Spilled Poison

RENO, May 5.—There was dramatic interest in the first divorce case to be heard in Washoe county's new courthouse yesterday. Sarah D. Lewis, a wealthy New York matron, told a harrowing tale of cruelty at the hands of her husband, John A. Lewis, a few days after their wedding in the east, and warning their trip from New York to San Francisco and back again.

"We were at the Plaza hotel," she testified, "in 1897, when I became ill. My physician prescribed chloral and bromide. My husband attempted to give me the Nurse Brown to give me an overdose of the medicine. The nurse left."

"Then Mr. Lewis said he would watch at my bedside. One night, very late, he endeavored to persuade me to drink half a glassful of the medicine, and when I refused he said it was half water. I was so weak I placed the glass to my lips when my maid, Marie Leger, dashed into the room and knocked it to the floor."

The decree was granted.

## Mrs. Emerson Wins

BALTIMORE, May 5.—The final decision in the divorce suit brought against Captain Isaac E. Emerson, former settler king, was handed down yesterday. Mrs. Emerson is granted \$25,000 annually in lieu of alimony and her attorneys get \$5000 each for filing the divorce bill.

## Belasco's Daughter Ill

ASHEVILLE, N. C., May 5.—Falling to improve in health in Asheville, where she has been two months ago with her father, David Belasco, Mrs. William Elliott left yesterday for Colorado Springs in a private car accompanied by her husband and her father. Mrs. Elliott came here in search of health soon after her marriage to William Elliott, the actor, in New York.

## Mrs. Huntington Better

NEW YORK, May 5.—Mrs. Collis P. Huntington, widow of the pioneer railroad builder, who underwent an operation for appendicitis, was reported last evening as resting well.

Williams are cousins of Mrs. George De Golia and of Mrs. Lou Allender, both of whom take an active part in social activities of the bay cities. Mrs. Wallace Mein will be much entertained in an informal way during her stay.

## LUNCHEON.

Among the guests at Mrs. W. W. Whitman's luncheon this week, given at the Peralta apartments, were: Mrs. Frederick Dallem, Mrs. Gilbert Curtis, Mrs. Wells Whitmore, Mrs. J. Walter Scott, Mrs. A. J. Willson, Mrs. Richard Craft, Mrs. Percy Dow and Mrs. Rowe.

## MISS DASHWOOD MARRIED.

Miss Ethel Dashwood and Alba E. Clark were married last Sunday at the home of Mr. and Mrs. P. C. Clark in Alameda, Rev. Dr. Burlingame of San Francisco reading the marriage service. The home was beautifully decorated, the ceremony being performed under a bower of pink roses. The bride wore a handsome empire gown of white messaline satin and carried a shower bouquet of bride's roses. She was attended by Miss Jean Kennedy, who wore a gown of pink silk. Alex. C. Wieben was best man. Mrs. Alba Clark is the only daughter of Mrs. Louise Dashwood and is a former San Francisco girl. She is an accomplished musician. Clark is a business man of Oakland.

## WHY ASK IF ACTOR'S MARRIED, QUERIES ACTRESS

MATINEE IDOL

Wife Adds to Troubles of  
Thurston Hall by Demand-  
ing \$400 Allowance.

Actor Accused of Living With  
and Introducing Amy Dale  
as His Spouse.

SAN FRANCISCO, May 5.—Charging that her husband, Thurston Hall, matinee idol and former leading man at the Alcazar theater, has been living openly and notoriously with a woman known as Amy Dale, Mrs. Lucile Perry Hall filed suit for separate maintenance in the Superior Court this morning.

Thus were the troubles of the actor doubled, for almost simultaneously with his appearance in the police court, charged with living with Amy Dale, this new litigation was begun before a second tribunal.

\$400 ALLOWANCE SOUGHT.

Mrs. Hall declares that Hall has lived in California, Oregon and elsewhere with Miss Dale, and introduced her as his wife. He says that he has failed properly to provide for her, and asks for substantial maintenance. The actor's salary is placed by his spouse as having been \$200 per week, which she says he is easily capable of earning, and she therefore petitions for \$400 monthly. In addition to this she wants \$200 counsel fees and \$100 costs of suit.

The Halls were married in Massachusetts in 1906.

The incident leading up to the present action followed each other in quick succession on April 25, when Mrs. Hall, having followed her husband from Boston, swore to charges against him and Miss Dale and had him arrested. He was forced to resign his position with the Alcazar stock company, concluding his engagement last Sunday night in "The Aviator."

## MRS. HALL TESTIFIES.

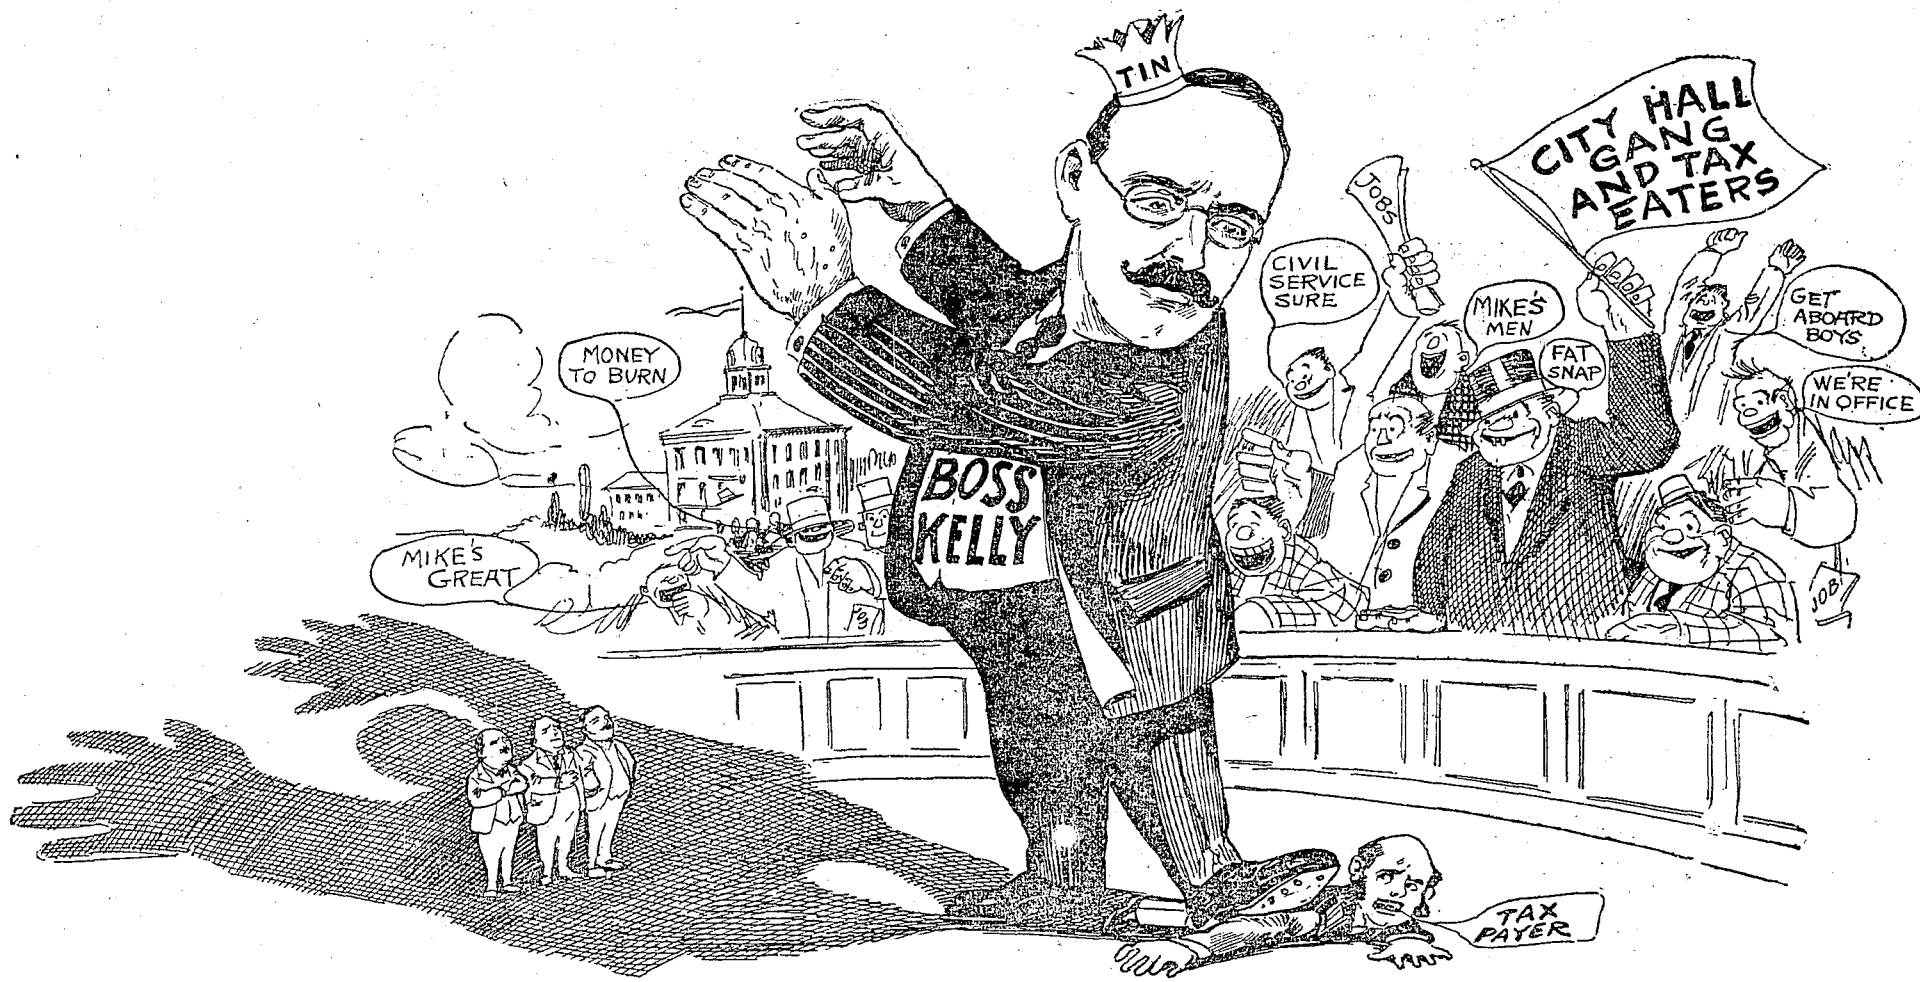

Mrs. Lucile Perry Hall took the witness stand in the police court this morning and swore to her marriage with the Alcazar's formerly leading man at Winthrop, Mass., June 20, 1906, and stated that she had not lived with him since May 27 last, when she left him in St. Louis.

Scarcely three feet from Mrs. Hall, as she sat in the witness chair was the defendant, who looked at her with an absolutely impassive countenance and made several suggestions to his attorney during the inquiry.

Members of the Alcazar stock company, including Adele Beland, Bessie Barriscale and Howard Hickman, were present. Only two of them, Miss Barriscale and Hickman, are to be called as witnesses. The court room was crowded and the spectators rose to their feet when Mrs. Hall was called.

The chief witnesses of the morning session other than that of Mrs. Hall were Joan B. Esser and his wife, who run the apartment house where Hall lived, and Harry D. Moore, one of the proprietors of the St. James hotel. The testimony went to show that Hall lived

## SHADOW OF THE BOSS ON CIVIL SERVICE COMMISSION

there during his engagement at the Alcazar with a woman who claimed to be his wife.

Pretty Bessie Barriscale, known in private life as Mrs. Howard Hickman, testified to having met Hall seven or eight years ago, when she had played in the same company with him. Asked as to whether she had ever inquired of him since his engagement here if he were married, she replied:

"Why should I ask people in the theatrical profession such a question. You never know from one day to another whether or not they are married."

The woman known as Amy Dale, entered her dressing room one night and introduced herself as Mrs. Thurston Hall. She had heard the leading man call her "Babe" and never doubted but that he was married to her.

The woman claiming to be Mrs. Hall, who is the prosecuting witness, Mrs. Hickman testified, she had also met in the east and later, encountering her in Chicago, said:

"Whereupon," continued the witness, "the little lady looked at me rather coldly and I passed on."

Howard Hickman corroborated his wife and the case was continued until Thursday when the defense will be presented.

The wife had previously presented a certificate of her marriage and a certified copy of the record of it. Attorney Alexander announced that he would move to dismiss the case at the next hearing.

KNIFE PUT IN BOATS CRASH;  
DEAD MAN'S  
HAND  
THREE MEET  
DEATH

Accuser and Accused Face  
Each Other at Trial of  
Camorristi.

Informer Gives Details of Mur-  
der Plot Which Is Denied  
Emphatically.

VITERBO, Italy, May 5.—Mariano de Gennaro, who, it is alleged, was the first to attack Gennaro Cuocolo by stabbing him with a dagger, was given the opportunity to stand face to face with the informer in open court and verbally to defend themselves. As the accused and accused stepped before the judges' bench today Abbatemaggio rectified what he affirmed was the part played by De Gennaro in the tragedy at the Torre del Greco on the evening of June 5, 1906. He said in substance:

"De Gennaro was armed with a dagger and also carried in a pocket a kitchen knife which had been taken from the Cuocolo home. This knife was later placed in the right hand of the dead man to give the impression to those who might discover the body that Cuocolo had been slain in a duel.

## SOON OVERPOWERED.

"When the assassins, accompanied by the unsuspecting Cuocolo, reached the spot selected for the murder, De Gennaro suddenly drew his dagger and stabbed the victim. Cuocolo attempted to defend himself with a pocket knife and wounded Corrado Sortino on the hand, but he was soon overpowered. Nicola Morra stabbed him and Antonio Cerrata struck him on the head with his cane. When Cuocolo ceased to breathe, De Gennaro placed the kitchen knife in his hand, while others took a ring from his finger and from a pocket a latchkey to his apartments.

"De Gennaro then went to the inn of Mimi-a-Mar to report the success of their mission to Enrico Alfano, while the others proceeded to the Cuocolo home and murdered Maria Cuocolo."

## CONFESSION SUPPORTED.

Abbatemaggio's confession has been supported by the Carabinieri, who claimed to have found Cuocolo's ring at the home of a woman friend of one of the assassins. This ring, they claim, was to have been sent to Luigi Arena, who from his prison cell had asked for the death of Cuocolo, alleging that the latter had betrayed him to the authorities. Sortino was found to have a wound on his hand as described by the informer, but explained this by saying that he had been scratched by a woman's hatpin and accidentally cut his hand with scissors.

The story related and emphatically protested his innocence of the crime with which he is charged jointly with other members of the Camorra. During the exchange between the accuser and De Gennaro, a brother of the latter, who was in the audience, attempted to interfere and was ejected from the room on the order of President Bianchi.

Steel Steamer Goes to Bottom  
When Struck in the De-  
troit River.

Chief Engineer, Steward and  
Wife Are Victims of  
Bad Collision.

DETROIT, May 5.—The steel steamer Fisher was sunk early today off Wyandotte, in the lower Detroit river in a collision with the steamer Stephen Clement of Cleveland.

Chief Engineer W. W. Auhl, Steward Lewis Sudgen and Sudgen's wife are believed to have been drowned.

The Edwin L. Fisher was a steel steamer 220 feet long with a 40-foot beam and 15 feet depth, and was built in 1910. She was owned by the Argo Steamship Company, of Cleveland.

The Fisher was down-bound and the Clement up-bound, and the two vessels crashed together off Grassy Island. The big Clement, 430 feet long, struck the smaller boat bow-on amidships and tore a great hole in her hull.

## GOES TO BOTTOM.

While the crew of the Fisher, awakened by the shock of the collision, were tumbling from their berths and running to the raft to jump overboard, their vessel turned on her side and went to the bottom.

Engineer Auhl is believed to have been trapped at his post in the engine room, while Steward Sudgen and his wife are believed to have been drowned in their cabin.

The Fisher's second engineer, whose name was not learned, was severely injured about the hip when his vessel was struck and at first missed by the smaller boats searching the water. In his disabled condition he managed to keep afloat and drifted down the river to safety.

The Fisher lies in 16 feet of water. The survivors of her crew were brought to Detroit by the Clement. The cause of the accident has not been explained.

McLeans Win First Point of  
Suit Brought to Recover  
\$180,000.

Superstition Said to Have  
Prompted Alleged Re-  
fusal to Pay.

WASHINGTON, May 5.—Holding that the affidavits of Edward M. McLean and his wife, Evelyn Walsh McLean, in defense of the suit of Cartier, a New York jeweler, to recover \$180,000, the purchase price of the celebrated Hope diamond, are sufficient in law, Justice Barrard of the Supreme Court of the District of Columbia declined today to grant the motion of the plaintiff for summary judgment. He declared that the McLeans were entitled to have a jury pass on the matter.

While the McLeans contended in their answer that Cartier misrepresented the value of the gem, superstition as to the ill-fortune that his followed owners of the Hope diamond is said to have something to do with the case.

HUBBY FRIENDLY WITH  
OTHERS, WIFE AVERS

Because, she says, her husband became intimate with other women, Mrs. Hope Gibson filed suit in the superior court today against Edward Y. Gibson. The couple were married in Milwaukee 25 years ago and Mrs. Gibson states that her better half borrowed from time to time sums of money from relatives to purchase liquor, also that he borrowed money from friends of her father to take the liquor cure, all of which debts he left unpaid, greatly to plaintiff's humiliation. Mrs. Gibson asks custody of their 6-year-old child.

INTEREST ROUSED BY THE BOND ELECTION

Berkeley to Vote on Propositions Involving an Outlay of \$1,340,000.

MEETING IS HELD BY OPPOSITION FORCES

More Than \$500,000 Wanted for Civic Center and Playgrounds.

BERKELEY, May 5.—Almost quailing at the prospect of a bond election, the city of Berkeley is today voting on propositions involving an outlay of \$1,340,000 for municipal improvements. There has been a full and frequent discussion by those favoring the propositions, although the opposition did not publicly express itself until last night.

A two-thirds vote will be necessary to carry the bonds.

Apparently the greatest concern is with the sewer, school and kindergarten bonds. The unsanitary conditions in West Berkeley as a result of small sewer lines choking with the outpouring from the larger pipes in the east end have thoroughly aroused the citizens of the west end, and although opposed to some of the other items, they are almost united in favor of voting \$250,000 for two main sewer lines and for improving sewers.

Mayor-elect Wilson has declared himself in favor of the bonds for a garbage incinerator, schools and small playgrounds as being immediate necessities.

OPPOSE BOND ISSUE.

Meetings for and against the bonds were held last night. The anti-bond element gathered at the chamber of commerce headquarters. The meeting was called by the Chamber club, a newly organized civic body of which D. L. Jungck is president. Speeches in opposition to the propositions were made by Professor Albin Putzker, on school bonds; Francis W. Reid, fire and police; Frank B. Heywood, civic center; J. O. K. Orr, on the sewer bonds; P. J. Martin, incinerator, and George Gelder, kindergarten.

Members of improvement clubs who have been working in the interest of the bonds met last night in the board of education rooms.

Conquers Asthma, Croup, Bronchitis, Deafness, Catarrh

Read the Facts and Judge for Yourself

W. P. DeWolf, R. F. D. No. 4, Connoct, O., writes: "I tried many remedies, but my asthma grew worse. I had to sleep in a reclining chair. I used nearly two bottles of HYOMEI and have had no asthma since. It was five years ago that the cure was made."

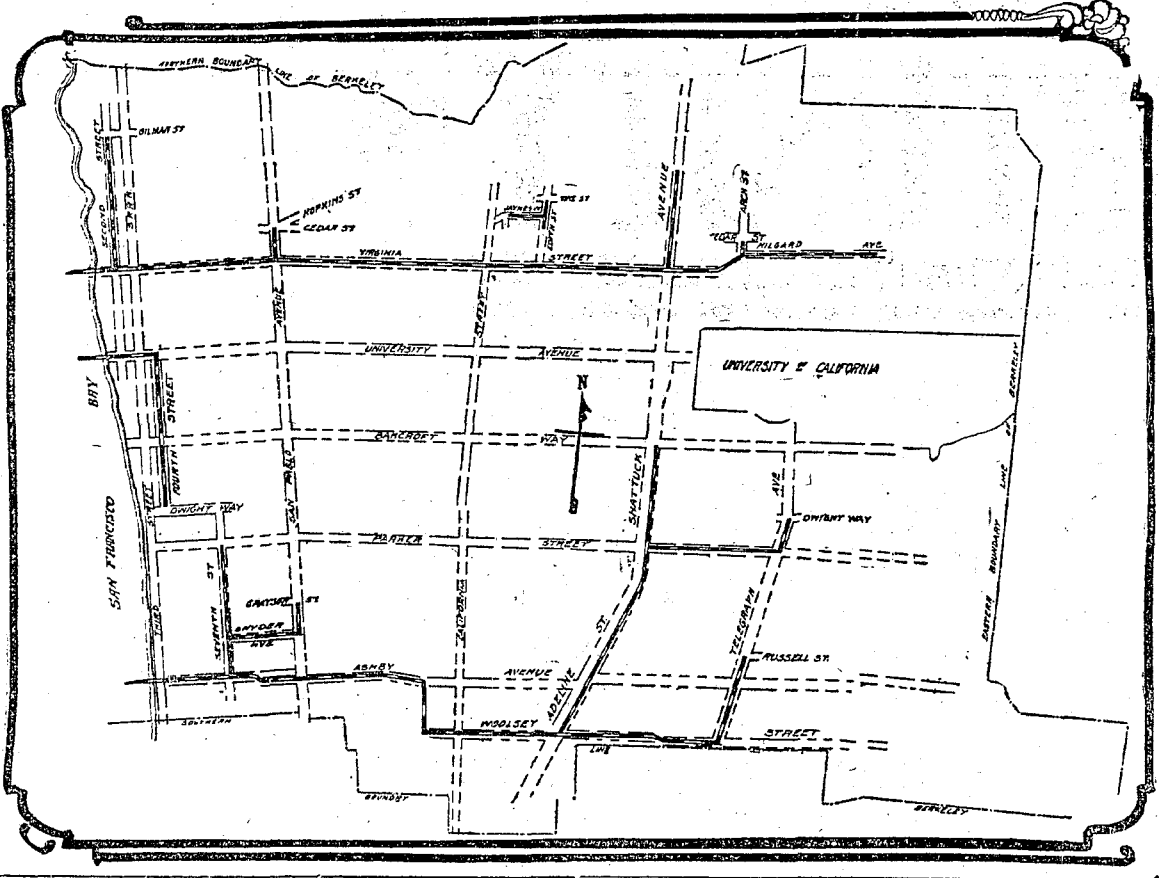

Mothers of young children should read and save this: In an attack of croup send for the doctor at once. In the meantime put 30 drops of HYOMEI into a bowl of boiling water and hold the child's head over it covered with cloth or towel so that the vapor is breathed. This treatment has saved many children's lives and mothers should always have a bottle of HYOMEI on hand (40 cents).

For Bronchitis, Catarrhal deafness, Catarrh, Coughs, Colds and Sore Throat HYOMEI is sold on money back plan.

HYOMEI (pronounce it HIGH-OM-E) ends catarrh because it gets where the disease is and kills the germs. It isn't a medicine that you take into the stomach; it is a highly antiseptic, soothing, healing balsam which you breathe through a little inhaler directly over the inflamed and irritated membranes.

Get an outfit today; it costs only \$1.00; open the box, take out the inhaler and bottle of HYOMEI, pour a few drops of HYOMEI into the inhaler then breathe it—that's all you have to do. A few minutes a day will do. It's just as easy to breathe with a HYOMEI inhaler as without one. Extra bottles of HYOMEI only cost 50 cents at drugists everywhere. City Engineer of Berkeley Defines the Present Need in the Matter of Sewers

Map of proposed sewer improvements. Heavy lines show route of the main line sewers planned.

(By J. J. JESSUP, City Engineer.)

BERKELEY, May 5.—In view of very apparent misunderstanding, a brief explanation of the situation as regards the present sanitary and storm water drainage system of Berkeley, together with a statement of the method proposed to improve and extend the same, may possibly help to clarify the minds of many. Just what the people are asked to vote for in way of bonds for storm and sanitary intercepting and outfall sewers, and what is involved in the work proposed.

It is general knowledge that the separate sanitary sewer system is inadequate in its present condition for the demands made upon it.

The present system discharges at nineteen different points upon the Berkeley waterfront through pipes, the size of which are here given: five 6-inch, eight 10-inch, one 10-inch, four 12-inch and one 16-inch. Moreover the sewage debouches directly upon the beach or rocks at the very shore line, creating unsanitary and offensive conditions that will not be tolerated much longer by the long-suffering people of West Berkeley and certainly not by the boards of health.

On account of the small size of the pipes, when by any means the flow is increased as by seepage of ground water, or for other reasons, the sewage is discharged at the manholes and the offensive contents thereof are left stranded upon the street.

Since the storm waters generally run in open courses or gutters, the public is pretty well acquainted with the needs in the different localities for relief in this regard. Suffice it to say that the needs in North and South Berkeley are about equal, and the expense of going either directly upon the beach or rocks at the very shore line, creating unsanitary and offensive conditions that will not be tolerated much longer by the long-suffering people of West Berkeley and certainly not by the boards of health.

PREPARE FOR SWIMMING MEET IN BERKELEY

BERKELEY, May 5.—A campaign has begun to arouse interest in the Y. M. C. A. swimming meet which will be held next week, when Instructor H. H. Corsan of New York will be on hand to teach all comers how to swim. On Monday night thirty different methods of swimming will be demonstrated by him. Cards are being distributed today in the schools to boys more than 11 years of age. When signed by parents, these cards will entitle the lads to free swimming lessons during Corsan's stay one week. On Tuesday and Friday mornings the women of the city will be instructed by Corsan, who is sent out by the eastern headquarters of the Y. M. C. A.

Jenkin, scout commissioner, will speak on the present and future work of the Berkeley Scouts and the general plan of training. The second class badges will be awarded.

SENTENCED FOR CONTEMPT

SAN FRANCISCO, May 5.—Henry Osake, a plumber, was sent to the county jail for five days by Judge Van Nostrand this morning for contempt of court. The sentence was the result of the failure of Osake to pay \$75.50 due his wife, Nellie, as alimony. The couple were divorced last September.

PULL OUT A HAIR

The Way to Tell Whether or Not Your Hair Is Diseased.

Even if you have a luxuriant head of hair you may want to know whether it is in a healthy condition or not. Ninety-eight per cent of the people need a hair tonic. You can make a test yourself that you can see and understand, which will tell you whether your hair is healthy or not. Pull a hair out of your head; if the stub of the root is white, thin and shrunken, it proves that the hair is diseased and requires prompt treatment if its loss would be avoided. If the bulb is pink and full, the hair is healthy.

ALAMEDA PERSONALS

ALAMEDA, May 5.—A. W. Schrieber, formerly a resident of this city is now making his home in Los Angeles.

Mrs. W. H. Taylor and son will leave tomorrow for their summer home in Los Angeles. They will remain for an indefinite period.

Frank Bordwell will leave tomorrow for the Morgan Hill ranch of the Bordwell family.

Mr. and Mrs. W. S. Palmer will spend a month in San Francisco where they have taken apartments.

Robert Harnden, a former resident of this city, will give a recital Sunday at his Berkeley studio.

Miss Isabelle O'Connor has arrived at Bremen. Miss O'Connor's destination is Dresden where she expects to arrive yesterday. She will spend four months in Dresden preparing a repertoire for concert work under Mrs. W. H. Hughes.

Dr. and Mrs. Walter R. Hughes have moved into their handsome new home at 1420 St. Charles street. The new residence has just been completed.

The Criterion club met yesterday with Mrs. Al Latham, who will be the hostess for the three meetings of the club this month.

ENDORSES ACTION OF MRS. C. C. HALL

Mrs. Hester Harland Delighted Over Stand of Suffragist Sister.

BERKELEY, May 5.—Mrs. C. C. Hall's proposed resignation from the Town and Gown club because of the organization's apathy toward equal suffrage and other large movements has been endorsed by Mrs. Hester Harland, who is leading the campaign in Berkeley in the interest of the proposed constitutional amendment providing for votes for women in the state.

Says Mrs. Harland concerning Mrs. Hall: "I think her action is splendid. The idea of any body of women being so noncommittal that they will not handle the vital questions of the day, I can not understand such an attitude, for club work does not stand for anything unless things of importance to the women are discussed and action taken."

As the Town and Gown club's vacation season has begun, Mrs. Hall's resignation cannot be presented until the first meeting in September.

HEAD OF SUFFRAGISTS.

Mrs. Harland, who is general chairman of the campaign committee of the suffragists of this city, who are preparing to make a fight for equal suffrage at the polls in two years, has named the following committees to assist her:

Press and publicity—Mrs. George W. Haight.

Entertainment—Mrs. John W. Snook.

Predominant chairman—Mrs. L. E. Block.

Assisted by Mrs. C. A. Southard.

Printing and interviews—Miss Kate Ames.

MUSIC OF BIRDS TO BE THEME OF LECTURE

ALAMEDA, May 5.—"The Music of Birds," illustrated by imitations of their songs, will be the interesting subject of a lecture to be given by Henry O. Adams, assistant biologist of the biological survey, department of agriculture, Washington, in the auditorium of the high school, Friday evening, May 12.

The lecture will be under the auspices of the Alameda Bird Club, a new organization. Children will be admitted without charge. Oysters are one of the notables in the menu of the club, and whistles the bird songs and notes.

Every Man Read This

This treatment is said to have acquired a wonderful reputation throughout the East, owing to its peculiar propensity to fortify the nerve force and generate health and consistent personal magnetism, so essential to the happiness of every normal human being. It is claimed to be a blessing to those who are physically impaired, gloomy, despondent, nervous and who have trembling of the limbs, dizziness, heart palpitation, cold hands and feet, insomnia, fear without cause, timidity in venturing into general life, inability to act rationally as others do. Also of vast benefit to writers, professional men, office workers and the victims of society's late hours and over-indulgence in wines, liquors, etc.

By preparing the treatment at home secretly, no one need know of another's trouble, while the ingredients are much used in filling various prescriptions, so that even the purchase of them separately need occasion no timidity.

If the reader decides to try it, get three ounces of ordinary syrup sassafras compound, and one ounce compound fluid balsam; mix and let stand two hours; then get one ounce compound essence cardiol and one ounce tincture cadomene compound (not cardsol), mix all together, shake well and give a teaspoonful after each meal and one at night.

This contains no opiates whatever and may also be used by women who suffer with their nerves with absolute certainty of prompt and lasting benefits.

WHEELER CLEARS DEL REY CLUB OF CHARGES

Declares Organization Did Not Raise Disturbance After Keith Funeral.

TRACK CELEBRATION WAS QUIET AFFAIR

Widow of Late Artist Joins in Exonerating College Boys.

BERKELEY, May 5.—President Wheeler of the University of California and the entire neighborhood around the Del Rey club house, at 2203 Atherton street, have become involved in the aftermath of a disturbance incident to a night celebration by the club members of a track victory on April 15, following the funeral of Artist William Keith, who resided next door.

President Wheeler, following the visit of a policeman to the club house to quiet the celebrators, made an investigation of the report that the widow of the late artist had been disturbed by the revels. The president's office at the university today issued the following statement regarding the incident and exonerating the students:

WITHOUT FOUNDATION.

"President Wheeler is glad to state that after investigation it appears that the charges widely circulated in the newspapers that the Del Rey club had caused serious disturbance to neighbors on the night of the 15th of April, after the track victory over Stanford, are without foundation. The members of the club have been deeply grieved that they should have been placed unfavorably in the public eye. Mrs. Keith, wife of the late artist, wrote to President Wheeler: 'I wish to say that I knew nothing at all about the matter until four or five days after, when some friend asked me if I had seen the item in the paper. I was so much surprised that I wrote to the artist, who was at the Atherton street, also states by letter to President Wheeler: 'I am glad to testify, as one of the neighbors made by the young men opposite our home on one night last week. 'Dr. Wheeler has also received letters from other neighbors, among them Don Roberts, who states that while there was some little disturbance, not in any sense of a disgraceful order but simply in the form of music and dancing, it was on the request of the police officer. 'E. H. Dunning, 2205 Atherton street, wrote: 'NEVER ANNOY. 'The college boys across the street from us have never in any way annoyed us.' 'Mrs. R. S. Turpin, 2201 Atherton street, says: 'We were very much surprised to read in the papers of the seventeenth that there was any celebration or disturbance any sort at the Del Rey club on the night of the 15th. And this is to testify that we were not 'disturbed.' 'Her did the near neighbor, who has been our neighbors for three years, and have always conducted themselves as gentlemen. 'The chief of police says his officer reported to him that the men were found having a banquet and celebrating by singing and playing a piano and adding: 'I asked them to stop it, which they did promptly. They acted so gentlemanly about it that I told Sergeant Becker I did not think a report would be necessary.' 'The members of the club themselves regret that their banquet went on so late, but explain it on these grounds: That the initiation and banquet have been postponed and therefore had to be arranged on short notice, on account of the illness of Mr. Keith. Consequently, it was nearly 10 o'clock when the ceremony began, and it was 12:15 when the members actually sat down to the table. 'There was much talk of matters of vital importance to the club, which occupied two or three hours. At 3:30, when the officer came, most of the men were in bed, and the rest were still in the room where the banquet took place. 'We realized that we had prolonged our festivities unduly, but we never dreamed that in so doing we had created a disturbance.'"

**YOUR SUMMER OUTFIT IS AT MORAN'S**

That is to say if you want a correct one at a price that you will be pleased to pay. We'll admit that in the matter of the smaller things—Ties, Shirts, Underwear, etc.—all first-class Men's Furnishers are nearly on the same footing. Of course, we think Moran leads, and so do many others.

BUT—in the matter of Summer Suits of style—We know that Moran leads—that he is a long way in advance.

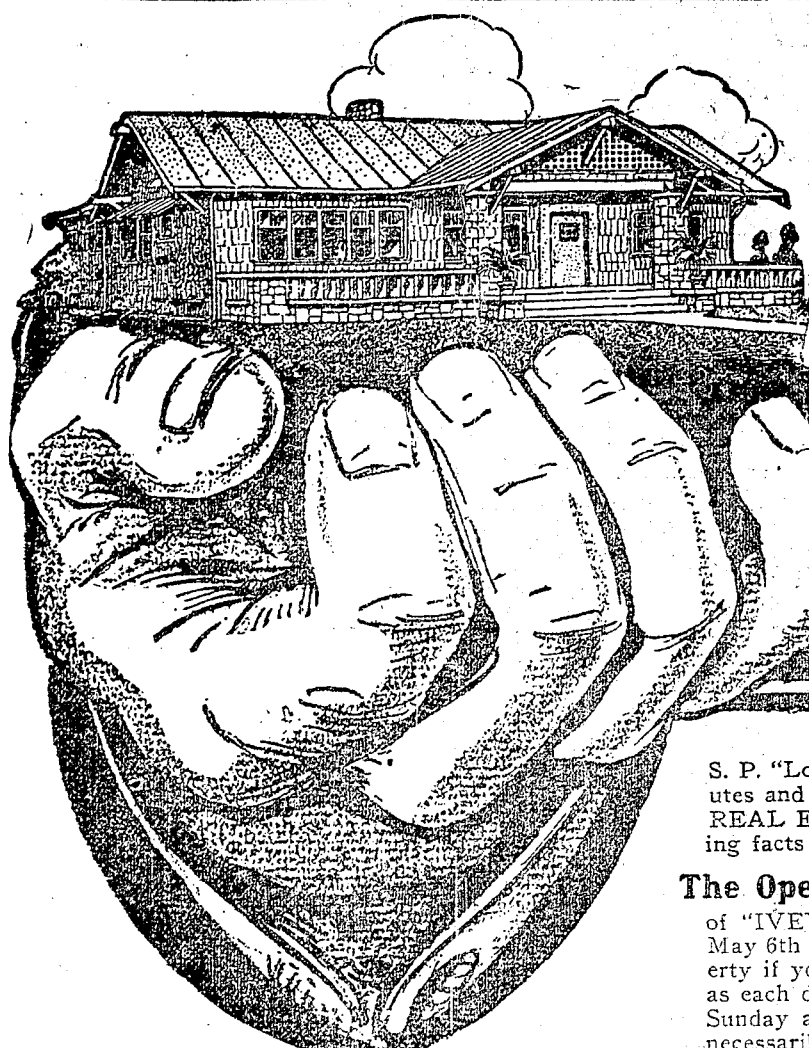

**\$20.00**

is not much money for a suit of clothes, but when it will buy as much style, quality, fit—as much satisfaction as a \$30.00 suit to order—why then \$20.00 at Moran's is worth \$30.00. Now that's the truth—the whole truth and nothing but the truth; s'help—

## "IVEYWOOD"

### THE CREAM OF EAST OAKLAND

MIGHTY big statement, that. "The cream of East Oakland. However, it describes the property perfectly. Furthermore, nearly every one who looks at "IVEYWOOD" agrees that of all the property being subdivided in East Oakland, that none is superior from either the standpoint of an investment or for the building of a home.

"IVEYWOOD" has many advantages already that makes the property valuable and more improvements are being added. "IVEYWOOD" is situated right on the Fourteenth street (5c car fare) street car line, and transferring to all points of Oakland, Berkeley and Alameda is surrounded by the Southern Pacific electric line "Loop System," insuring purchasers of lots at IVEYWOOD perfect transportation facilities to both Oakland and San Francisco. When the heart of Oakland's business center in less than (12) twelve minutes and the ferry building (S. F.) in about (36) thirty-six minutes. These facts combined with those mentioned below are the necessary requirements that are bound to make REAL ESTATE increase in value. "IVEYWOOD" will have all the necessary improvements. It now has the climate, the location and the transportation. Note the following facts:

#### The Opening Sale

of "IVEYWOOD" will start Saturday and Sunday, May 6th and 7th. It will pay you to look at this property if you want property that is increasing in value as each day passes. Go out to the tract Saturday or Sunday and talk to the tract manager. It does not necessarily mean that you must buy a lot. We know, however, that if you are interested in real estate a salesman will not even have to tell you anything about the tract. The property itself at the prices we are asking is our best advertisement.

#### The Improvements

that we plan include every bit of street work, such as macadamized roadways, cement sidewalks, concrete curbs and gutters, a splendid sewer system, the best of water mains. Shade trees are already planted on every lot and so on. In short, in a general way "IVEYWOOD'S" improvements are to be perfect. Furthermore, the street work and sewers, etc., are all being laid under the supervision of an Oakland city employee, insuring property owners that in time to come there will be no city assessments for improvements by the city. BEST OF ALL is the fact that all of these improvements are FREE to the purchasers of lots in "IVEYWOOD." The original cost of a lot covers all the improvements. Doesn't this sound better than the average real estate announcement? IT IS BETTER.

#### The Restrictions

for building are the kinds which mean that all the

homes on each street will be in harmony with those adjoining, insuring a standard value for both the lot and the houses on them. These restrictions prohibit the sale of a lot to Chinese, Japanese, Hindus, Negroes or people of their type. The restrictions provide, however, that the man of moderate means can erect a comfortable home at a cost of from \$1500 to \$2000 if he so desires.

#### Your Opportunity.

Whether you are a home-seeker or an investor, you will find that properties along the new electric lines of the Southern Pacific afford the best opportunity for making a profitable investment in real estate in California today.

Wherever rapid electric service has been installed in Alameda county, people have bought property and realized handsomely on their investment.

Right now while the tracks are being built and before the cars are running is the time to buy. The prices for property along electric lines are the lowest today they will ever be.

"IVEYWOOD" is your opportunity.

#### How to Get There.

All electric cars in the city of Oakland transfer to East Fourteenth street direct to the property. From San Francisco take broad-gauge ferry and train to Melrose; transfer to East Fourteenth street, San Leandro or Hayward car, or take Key Route to Twelfth and Broadway, Oakland; transfer to East Fourteenth street

car, San Leandro or Hayward car and get off at 101st avenue.

#### Prices and Terms.

Lots in "IVEYWOOD" with a frontage of from 37½, 50, 65 and 100 feet are being sold for as low as \$15 to \$20 a front foot. When you take into consideration the high character of the improvements, the coming of electric suburban trains, the building of desirable homes all about, you can see that these prices are extremely low.

The purchaser is given several years in which to pay for his property. While he is making his payments his property is continually increasing in value, and before the payments are completed the property will undoubtedly have doubled in value.

The purchasers at "IVEYWOOD" need pay only a small sum down—only 10 per cent of the purchase price of the lots; the remaining 90 per cent is carried by the company until the purchaser can pay it off in small installments.

Come out and see this beautiful property or let us mail you a map of the tract. It will place you under no obligations to buy. All we ask for is an opportunity to show you the tract.

#### DOLLAR REWARD PAID TO FINDER OF \$55,000

NEW YORK, May 5.—A piece of paper representing a fortune was blown by the wind on the sidewalk in front of the Trinity building on lower Broadway late yesterday afternoon. No one in the crowd paid any attention to it until James McCarthy, a messenger boy, picked it up, and, recognizing its value, took it to his office, 42 Broadway. He handed the bit of paper to Manager O'Reilly, who found it to be a certified check drawn by the banking firm of F. S. Smithers & Co., 44 Exchange place, payable to the order of the Hanover National bank for \$55,000. The check was turned over to a representative of the bank and the messenger boy was rewarded with \$1 for his honesty.

#### STRATTON IS ORDERED TO PURCHASE SUPPLIES

SAN FRANCISCO, May 5.—Customs Collector Stratton has received instructions from Washington adding to his other duties that of purchasing supplies for all government buildings and offices in this district. The collector said that he would purchase all supplies from California whenever they could be obtained in this state.

#### U. S. WARSHIPS GALLING.

LONDON, May 5.—Sir Edward Grey was further catechized in the House of Commons regarding American warships on the Great Lakes. He said the British government had acted throughout in closest co-operation with the Canadian government in the way the latter considered best.

## MERE MEN MUST FACE THE MARK

Mayor Ella Wilson Cracks the Whip About Ears of Dogged City Dads.

HUNNEWELL, Kas., May 5.—Mrs. Ella Wilson, mayor of this town, delivered an ultimatum to the city fathers last night to the effect that there will be no official business transacted by the council until that body confirms her appointments of Mrs. W. E. Hilton and Mrs. G. A. Osborn for the positions of city clerk and city marshal, respectively. Incidentally, Mrs. Wilson notified the councilmen that obstruction tactics on the part of "mere men" would accomplish nothing against the determination of a woman holding the exalted position of mayor by virtue of the suffrage of all the legal voters of the town.

The councilmen, on the other hand, are strong in the belief that to add the names of more women to the city's payroll would be the height of folly. "Down with the suffragettes," is their slogan. "We have the mayor on our hands. Times are lively enough. Why add to our troubles?" is their argument.

The mayor, however, has the straggling position in the controversy. She has the city records in her possession. No city business can be transacted without her attendance at the council meetings. She will not attend unless her appointments are confirmed. An adjourned meeting of the council is scheduled for next Monday night, but the mayor says she will not attend unless she receives the assurances of the councilmen that the first order of business will be the confirmation of her appointments.

Mrs. Hilton and Mrs. Osborn have written a letter to the governor asking him to oust the entire city council.

#### YOUNG MINIMIZED IN SILVER SERVICE

WASHINGTON, May 5.—To endeavor to show what a minor extent the portrait of Brigham Young figures in the silver service the state of Utah has offered to the battleship of that name, the designs for the set were exhibited to Secretary Meyer by Col. D. C. Jackson, chairman of the presentation committee. The proposed service consists of more than 200 pieces. Upon half of these appear illustrations of scenes and objects emblematic of the state. There are pictures of mountain passes, plains, public buildings and other subjects. On only one piece—a salver about one foot in diameter and forming part of an after-dinner coffee set—does Young appear. This picture is a reproduction of the "pioneer monument" in Salt Lake City. The figure of the Mormon leader appears in the design about half an inch in height.

#### LITTLE DAMAGE DONE TO GREAT DREADNAUGHT

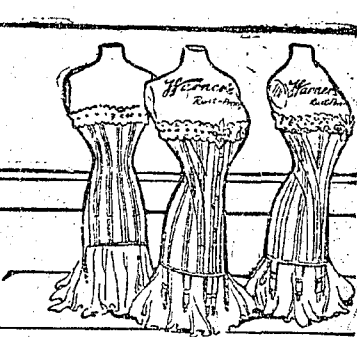

PORTSMOUTH, England, May 5.—The reports published in London papers of the damage done the dreadnaught cruiser Invincible while she was being docked here for an overhauling on Tuesday, were greatly exaggerated. When the warship was docked it was found that some of the

wooden blocks on which the great weight rested had been improperly placed, and it was necessary to float her and replace these blocks. The vessel was but little damaged.

### Are Legal, Reliable and Permanent

#### Law Affecting Them Does Not Pass

You who are benefiting from the Multi-Million Dollar Free distribution of high grade merchandise to collectors of **Green Trading Stamps**, will be pleased to know that the Law relating to "Gift Enterprises" does not affect you, nor **Green Trading Stamps**. The law recently passed failed to receive the official sanction of the Governor of this State, and therefore has not become a law.

The Supreme Court of California, in two decisions, has held that the Trading Stamp business of this Company has no resemblance to a lottery; that there is no element of chance, and nothing in the nature of gambling in it, and that it is a legitimate method of selling goods; an innocent means of attracting trade. The Court held that the **Green Trading Stamp** is "A mere form of allowing discounts on cash payments, and its issuance is entirely harmless and within the Constitutional right of contract." The Court further said: "We see nothing in such a Stamp or Coupon which is outside of the Constitutional rights of citizens" and "nothing which wrongfully interferes with the lawful rights of other persons."

We are, and we have been, doing a legitimate business for fifteen years.

It is right and proper that you who pay cash for your purchases should receive a discount. It is right and proper for a merchant to encourage trade and prompt payments by giving a discount. Yes, it is right and proper, and the highest Courts hold that no merchant can be legitimately interfered with in his method of paying that discount. Whether he pays the discount in cash or in merchandise, are not matters which can be regulated by Law. Nor can a merchant be restricted as to whether he in person hands this discount to his customers, or whether he employs another to attend to that business for him.

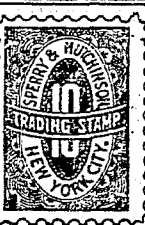

If you are collecting **Green Stamps** ten years from now, we can assure you we will be here to redeem them for you.

## ARISTOCRATS OF DOGDOM ON DISPLAY

### AWARDS MADE AT KENNEL CLUB'S SHOW

Some of the blue-blooded canines on exhibition at the Oakland Kennel Club's Show at Idora Park.

### Society Turns Out to See Oakland's Bow-Wows

All Oakland, Berkeley and Alameda went to the bow-wows yesterday. The Society was out in force to look over the fine, highbred canines on display. Yesterday marked the opening of the fourth annual bench show of the Oakland Kennel Club. In point of class, the dogs exhibited this year, according to connoisseurs in dog flesh, are the finest ever shown by the Oakland Kennel Club. All breeds and classes are well represented, there being more than 300 dogs on the benches, ranging from small dogs on satin cushions almost hidden by high bows tied on their slender little necks up to great St. Bernards and Newfoundlanders, powerful enough in all seeming to crush out a life with one snap of the great jaws.

The first day's judging began at 2:30 in the afternoon and continued until 10 o'clock in the evening. C. R. Harker of San Jose judged the St. Bernards and bulldogs. Phil M. Wand of San Francisco performed the same office on the Great Danes, English setters, Gordon setters, Irish setters, Chesapeake Bay dogs, English retrievers, Airedale terriers, bull terriers and Irish terriers. In the variety classes judged last evening awards were given to the gun dog variety class, sporting variety class and the terrier variety class, all judged by Phil Wand.

Judging will continue today, beginning at 2 o'clock in the afternoon. G. S. Halliwell of Millbrae will preside and judge the Irish water spaniels, Dachs-hounds, Old English sheepdogs, pointers, Dalmatians, Spitz, French bulldogs, Boston terriers, smooth and wire foxterriers and all toys.

The first day of the show proved to be a great success and an afternoon and evening the pavilion was crowded with dog fanciers and interested spectators. Society was out in force during the evening, many parties taking in the show as well as the other attractions offered within Idora Park. Women, old and young, dog fanciers and exhibitors all, walked the length of the runway of the pavilion and petted and admired the long line of prize specimens of high-class dogs. The great lovers of dogs were none the less conspicuous. There is keen rivalry among the exhibitors and judges Phil Wand and C. R. Harker were given a difficult task to judge of the dogs and pass upon the prize winners. The blue-blooded dogs that lined the benches are considered the finest collection ever gathered together on the coast, and the promoters of the exhibit have cause to congratulate themselves on the superb entries.

### MUSICAL RANGE.

There are dogs on exhibit endowed with musical voices, whose tones range the scale from the basso-profundo of the St. Bernard to the shrill staccato of the French poodle.

One of the greatest features of the show will take place tomorrow afternoon, when Mrs. Clarence Hannum will drive her team of Esquimaux sled dogs around the grounds of Idora Park. These dogs, who are on exhibition at the show and are attracting no little attention. They are entered in the Esquimaux graduate and challenge classes and are considered likely winners. The four beauties, Brin, Buster, Alaska Beauty and Bonnie compose the famous team of prize winners. Tomorrow afternoon's exhibition on the Idora grounds should prove one of the features of the show.

Special variety classes will be judged tomorrow night.

## "Sunkists" are California's Choicest Oranges

On the breakfast table—in the sick room—for making salads, puddings and other desserts—for a bite between meals, in the lunch box, there is no fruit equal to the famous "Sunkist" Orange. Being tree-ripened, sound-picked, packed and shipped with the utmost skill and care, it is the most healthful and luscious of all fruits.

Sunkist Oranges are thin-skinned—seedless—They fairly melt in the mouth. There is so little waste in serving and eating them that they are truly the cheapest orange you can buy. Every Sunkist Orange comes in a Sun-kist Wrapper. Thousands of families will have none but Sunkist Oranges. After you have tried them once they will win your heart. Please make the trial today. Your dealer sells them. And don't forget to save the "Sunkist" Wrappers.

### Ask for "Sunkist" Lemons

After you have eaten Sunkist Oranges, you will be glad to know there are Sunkist Lemons, for they, too, are the finest fruit of their kind. Never blighted, marred, decayed, thick-skinned or pitted. Sunkist Lemons contain 50 percent more juice than common lemons, which makes them most economical for kitchen and table use. The "Sunkist" Wrapper identifies them.

### FREE Rogers Orange Spoon

Save 12 Sunkist Oranges (or Lemons). Wrappers and send them to us with 12c to pay charges, packing, etc., and we will present you with a Rogers Orange Spoon, of beautiful design and highest quality. Beginning wrappers today. If you desire more than one, send us Sunkist Wrappers and 12c for each additional spoon.

In returning, please send one-cent stamps when the amount is less than 50c. Or, enclose above 50c, we prefer money order, express order or bank draft. (Don't send cash.) We will be glad to send you complete list of valuable premiums. Please send both "Sunkist" and "Red Ball" wrappers for premiums. Address: CALIFORNIA FRUIT GROWERS' EXCHANGE, 34 Clark Street, CHICAGO, ILL. (55)

## Consider The Argentine Ant

How he and she contribute to our annoyance. How our homes, our fruit trees, our rose bushes and plants pay tribute to this multiplying household pest. The Argentine Ant has traveled far from his native hearthstone—he has come to us in shipments of cotton via New Orleans; yet he thrives and multiplies and enlarges his sphere of destruction until he is fast becoming a menace to our property and the growing things that lend beauty to our homes.

### Bowman's Anti-Ant

is a preparation that eliminates the Argentine Ant. It is made from an improved formula—is easy to distribute and effectually destroys this noxious pest. A small quantity placed about the house and around your fruit trees, rose bushes and potted plants will render you immune from the ravages of this troublesome insect.

## DR. BURKE ASKS FOR HIS RELEASE ON BAIL

SANTA ROSA, May 5.—Pleading that he is ill and that confinement in the county jail here is undermining his health, Dr. Willard P. Burke, convicted of dynamiting a tent occupied by Lu Edta Smith and her child, has asked the Superior Court through the medium of a writ of habeas corpus, to admit him to bail. Judge Thomas C. Denny ordered the writ returnable on Monday next, at which time his petition for bail will be heard. District Attorney Lea will resist the motion.

## ---the only free man living is the home owner

Written to promote an interest in a splendid new subdivision especially arranged for wage-earners, where 35-foot residential lots will be sold for \$400 or \$500 each.

—The man who stays poor is the man who has no faith in himself, nor his city, nor the future.  
—Did you ever notice that?  
—Did you ever notice that the individual who is always growling never makes any progress?  
—And did you ever notice that the fellow who saves his money and owns his home and invests his surplus in real estate is the man who never gets laid off and is always happy?  
—The rent paying habit is one of the greatest handicaps a man can put in the path of his progress because it makes him discontented.  
—Suppose you are paying \$20 a month—Do you realize that in ten years this \$20 a month would buy a \$3000 home?  
—Do you know that the money you've paid out in rent during the past two years would buy a lot which would be yours for life?  
—Here are some figures on this proposition that will be an eye-opener to a whole lot of people:

\$10 rent money per month (interest 6%) in 10 years amounts to	\$1,581.68
\$10 rent money per month (interest 6%) in 15 years amounts to	2,793.10
\$10 rent money per month (interest 6%) in 20 years amounts to	4,414.25
\$10 rent money per month (interest 6%) in 25 years amounts to	6,583.72
\$20 rent money per month (interest 6%) in 10 years amounts to	3,163.56
\$20 rent money per month (interest 6%) in 15 years amounts to	5,586.18
\$20 rent money per month (interest 6%) in 20 years amounts to	8,828.56
\$20 rent money per month (interest 6%) in 25 years amounts to	13,167.43
\$25 rent money per month (interest 6%) in 10 years amounts to	3,940.20
\$25 rent money per month (interest 6%) in 15 years amounts to	6,983.73
\$25 rent money per month (interest 6%) in 20 years amounts to	11,035.65
\$25 rent money per month (interest 6%) in 25 years amounts to	16,459.23

—You can't get away from it—the only thing to do is to OWN your own home.

—And the way to begin is to take \$50 or \$60 and BUY A LOT on installments of \$8 or \$10 a month and to put up a temporary house on the back of the lot.

—Then start to save some money for a permanent house to be erected later on in the front of the lot.

—There is no guess work about this plan; it is a practical, safe business proposition, and has been put into successful operation by many families.

—And the man who thinks he has to have a big lot of money in order to own his own home is clinging to a mistaken idea.

—In selecting a lot for a home the buyer, however, must be careful.

—He must be sure that the street work is to be done without costing him anything and that it is to be GOOD street work so that he won't have to pay to have it all done over again in a few years.

—He must be sure the soil is deep and rich because he will want to raise his own vegetables and have a flower garden and vines to cover his porch, for in improving his OWN property he will be enriching himself—not a landlord.

—He must be close to car lines, in order to get to work.

—He requires good, pure water, gas, electric lights—and above all things, good sewers.

—Now, then, if you want to be independent,

—And want to protect your family against anything that may happen in the future

—by getting them a home so that they'll be sheltered no matter what happens

—then come in and ask us about the Fremont Tract, the splendidly equipped moderately priced subdivision that we are now placing upon the market.

—It is EXACTLY what you want.

—And \$50 or \$60 down, \$5 or \$10 a month will be all you have to pay.

—35 foot lots from \$400 upwards.

Cut this out and mail to us

## LOCAL TALENT TO BE SEEN AT EAGLES' BIG SHOW

JOHN G. HERR (top), chairman Eagles' annual entertainment committee, and JAS. F. FLYNN, member of committee.

Arrangements are being completed for the annual show of the local circle of Eagles to be held at the Macdonough theater the afternoons and evenings of May 29 and 30. For many years, since the installation of the order in Oakland, a theatrical entertainment has been given, and has been the occasion of much interest in lodge circles.

The coming affair promises to eclipse previous performances of the organization. It will take the form of a vaudeville show, in which a number of society people will participate. The services of Mrs. John G. Herr, formerly a well known actress, and of Gavin Gilman, have been promised as the headliners of the show. There will be other local artists and a chorus of 100 voices. James F. Flynn, bailiff of department No. 2 of the local police courts, is an active member of the Eagles who has been appointed to assist in making the annual festival a success. He is a member of the committee of arrangements, which comprises the following members of the lodge: John G. Herr (chairman), W. T. Volberg (secretary), Morgan Fitzpatrick, Joseph Cramm, George Vollmer, Joseph Herbert, Charles W. Denny, and Henry Kroeckel.

## TURKEY FROWNS ON DESPOILATION

Theft of Relics by Anglo-American Syndicate May Cause Trouble.

LONDON, May 5.—The operations in Jerusalem of the Anglo-American syndicate of excavators threaten to cause an interesting diplomatic affair. According to a message from Constantinople, the Turkish government takes a serious view of the matter and has sent high officials to Jerusalem to investigate the charge that the foreigners despoiled the mosque of Omar and discovered and carried away sacred relics hidden from the Romans when the city was sacked by Titus in A. D. 70. Meantime the whereabouts of the archaeological and the nature of their spoils is a mystery. The members of the expedition with their prizes embarked at Jaffa, Palestine, 54 miles by railway northwest of Jerusalem, on April 19. They went aboard Captain Parker's yacht, which had been waiting for them and set sail before the people of Jerusalem learned what they had done. It is probable that the yacht is now heading for England.

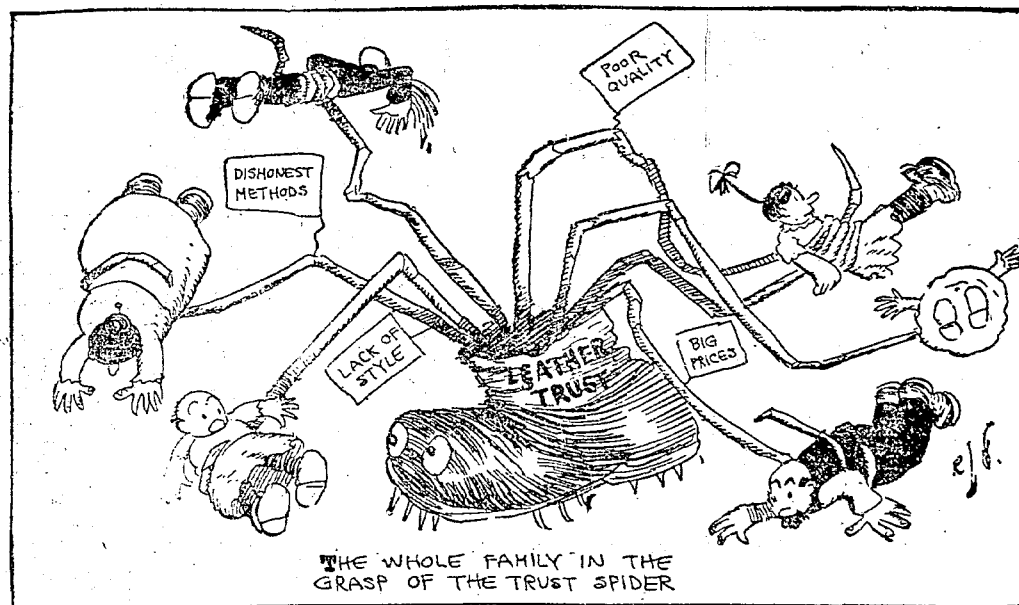

SOUGHT ARK.

There is no doubt that the promoters of the enterprise hoped to discover the "Ark of the Covenant" and the seven-branched candlestick, but the Constantinople dispatch says it is believed the explorers found Solomon's crown, his sword and his ring and an ancient manuscript of the Bible. The extent of the operations is shown by the statement that \$300,000 has been spent by the syndicate, which engaged engineering experts who had worked on the construction of the London subway railroad. Members of the Armour family of Chicago are reputed to be among the backers of the enterprise.

## Leather Prices Jump Again Trust Creates Artificial Scarcity by Closing Tanneries

You and I and the other plain people of this country are not paying enough for our shoes, it seems.

The Leather Trust needs the money more than we do—so the shoe wearers of America have got to come across with the higher price.

Shoe manufacturers will tell you that there is a "shortage of leather." What they may not tell you is that the Leather Trust created this "shortage" by deliberately shutting down its tanneries and throwing thousands of its employees out of work in midwinter, with the sole object of boosting the price of leather!

Now, the higher price would be hard enough on the shoe buyer—even if the quality of the shoes justified it.

As a shoe wearer you know that the average shoe is not worth its price—or anywhere near it.

The clerk, the merchant, the farmer, the mechanic finds his soles giving away long before their time—the uppers cracking and pulling away from the soles—the leather losing its finish, its softness, its elasticity.

The crying evil in the shoe situation to-day is the influence of the Leather Trust on the quality and cost of leather.

### Facts that the Leather Trust Will Never Tell You

These are facts that the average shoe manufacturer does not dare to tell you. It's only when an independent newspaper publishes this inside information in the interests of its readers that you learn the real truth and the whole truth.

The American shoe industry is in the grip of the Leather Trust.

There is only one shoe manufacturing concern in the United States that can put what they know to be honest leather into their shoes.

They can do this because they own and operate their tanneries independent of the Leather Trust.

The name of that concern is Endicott, Johnson & Co. Their tanneries and factories are located at Endicott, N. Y.

Back in 1893 H. B. Endicott and Geo. F. Johnson formed a partnership and started to manufacture shoes.

Then the leather began to show bad qualities. The Leather Trust began to starve the leather in tanning and finishing—instead of using the slower and more expensive processes that give to leather its wearing qualities.

### Cheap Processes in Trust Tanneries

"Processes" and short cuts crept in all along the line. Hemlock used in place of good oak tan bark. Chemical tannages that load up the weight of the leather—all sole leather is sold by weight.

These conditions have existed for years in Trust tanneries—the situation is getting worse instead of better. Only recently, Dr. Wiley, the Government chemist, declared there should be a law like the Pure Food Law to prevent tanners from using adulterants in their "processes."

Various cheap adulterants are used in large quantities by the Leather Trust to "weight" the leather—it looks "full" and "plump," but is really "brashy" and rapidly breaks up under wear.

Endicott, Johnson & Co. refused to put that kind of leather into their shoes.

### Breaking Grip of Leather Trust

So Endicott and Johnson built their own tanneries. Today they tan every pound of leather they put into their shoes.

They tan every batch of hides for a definite kind of shoe, and perfect it in the tanning and finishing for the service it is to give—an obvious advantage in the working qualities of the leather and the durability of the shoes.

Their "Forest Oak" is honest old-fashioned straight oak tanned sole leather.

Their "Kromelk" is the first and only chrome-tanned sole leather to be perfected and put to practical and satisfactory service.

It is the most durable sole leather ever made—weather proof, heat proof, all but wear proof.

This leather has been imitated largely since it proved so successful—but it cannot be duplicated because it is the exclusive property of Endicott, Johnson & Co.

Endicott, Johnson & Co.'s tannages of calf skin and chrome-tanned upper leather are as far ahead of commercial leathers as their "Forest Oak" and "Kromelk" are ahead of commercial soles.

### Extortionate Profits Saved

Endicott, Johnson & Co. find it perfectly feasible to produce a dependable, long-wearing shoe and sell it at the price that the average man wants to pay for his shoes.

Buying their hides in the open markets of the world, and operating their own tanneries, they cut three profits out of the cost of making the shoes—the profits of the Hide Trust, the Leather Trust and the Leather Jobber.

Then they cut out the Shoe Jobber's profit—selling direct to your home shoe dealer and 30,000 other retailers in this country.

Thanks to this "hide to retailer" policy—Endicott, Johnson & Co. can save you 50 cents to \$1.00 on every pair of shoes you buy.

This policy—and its service to the shoe wearer—has made them the largest shoe manufacturers in the world.

Endicott, Johnson & Co. have the most expert staff of shoe designers in the trade. And style in an Endicott-Johnson shoe means something—the real leather is back of the style. The shoe is pliable—yet firm and solid. It holds its shape, its fit, its finish.

You can buy Endicott-Johnson shoes for men, women and children—shoes for business wear, work shoes, dress shoes, school shoes for boys and girls.

### ENDWELL—the Independent Shoe

The most popular shoe for general service is their ENDWELL (Goodyear Welt)—a dress and business shoe that sells at \$3.00, \$3.50 and \$4.00.

Endicott, Johnson & Co. make lines that sell for more money—and still other lines at a lower price.

You can have your choice of Shoe or Oxford—Lace and Button—all the fashionable lasts—any width of toe—all the colors of leather.

And the way those shoes wear will be a revelation to you.

Remember the name. You will find it stamped on the shoe—

## BANGOR TO RECOVER QUICKLY FROM FIRE

BANGOR, Maine, May 5.—With the ruins of Bangor's \$3,500,000 conflagration hardly cooled, the city already shows unmistakable signs of "coming back." All the large business structures destroyed

are to be replaced as soon as the debris is cleared away, and in some instances has already commenced.

No fewer than twenty-five large business structures, half a dozen churches and at least 200 dwellings, will be erected before they end. Many of the buried-out firms are already doing business in temporary wooden shelters awaiting the completion of permanent abodes. In-

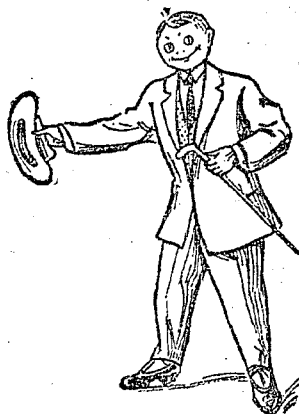

surance payments already made exceed \$500,000 and there have been many offers of capital for real estate investment.

## WOOD RE-ELECTED SUPERINTENDENT OF SCHOOLS

Alameda School Board Names Official to Serve for Four Years.

BOARD TO ATTEND BIG N. E. A. CONVENTION

Washington School Will Have Domestic Science Equipment.

ALAMEDA, May 5.—Superintendent of Schools, Will C. Wood, whose term of office expired April 30, was re-elected by the board of education last night to serve for a period of four years.

Superintendent Wood filled out the unexpired term of Fred T. Moore, former superintendent. He has now served two and a half years. The vote on the election was unanimous.

Superintendent Wood was authorized by the board of education to send photographs of the school buildings and school activities to be exhibited at the National Educational association which will convene at San Francisco from July 10 to July 15, inclusive. It is expected that 30,000 eastern teachers will be in attendance at the national convention.

About 20 halls will have to be utilized to accommodate the attendance.

Superintendent Wood is planning to hold an exhibit in the new Haight school building during the session of the teachers in San Francisco which the convention will be asked to attend. The exhibit will include manual training work, domestic science, drawing, copper, tool leather and designing displays.

### DOMESTIC SCIENCE ADDED.

Klenck & Muller were given an order for a domestic science equipment for the Washington school at a cost of \$550 by the board of education at its meeting last night.

The children's pet day committee was granted permission to use the auditorium of the high school next Friday evening for a lecture.

A communication was received from the North side Improvement club relative to the use of home products by the municipal boards in the city in all public contracts. The officers of the improvement club will discuss the matter with the school board at its next meeting.

William George Erwin, secretary of the National Department of School Administration, which consists of the members of the various school boards, asked the members of the local board to attend the National Educational association convention in San Francisco on July 12 and 13.

### WANT PLAY SUPERVISORS.

The park and playground commission has asked the co-operation of the board of education in securing supervisors of play and physical culture for the parks and playgrounds, the high school and the elementary schools. The commission asked that the school board make provision for a salary for the supervisors. The board decided to ask the city council to estimate the expenses to the city council, a sum of money covering half of the expense of employing supervisors.

The chamber of commerce directors were in attendance at the meeting and after a discussion relative to the recent resolutions passed by the commercial organization which stated that the board of education did not favor the directors and firms in awarding contracts for public work, said that the resolutions had been passed and the investigation and would be amended.

The directors asked that the board award all contracts in the future to local firms. President D. L. Randolph maintained that this had always been the policy of the board of education.

## DENIES KELLEY IS HER AFFINITY

Mrs. Henry Protests; Supreme Court Refuses Habeas Corpus Writ.

SAN FRANCISCO, May 5.—The Supreme Court at noon today denied the habeas corpus proceedings in the case of Mrs. Ivy May Henry. This takes the matter of the guardianship of the minor children back before Superior Judge Mogan.

SAN FRANCISCO, May 5.—In an answer filed in the Supreme Court this morning Mrs. Ivy May Henry denies positively that S. Foster Kelley, former cashier of a Seattle bank, is her affinity. A writ of habeas corpus, issued by the highest state tribunal, was up for argument and Attorney Choyanski, representing the woman, read a portion of the answer, a part of which is as follows:

"Plaintiff denies that she is of bad moral character, or that she has been living or cohabiting with S. Foster Kelley, or that he is her 'angel' or affinity."

Mrs. Henry was in court, as were her two children in charge of Matron Condon of the detention home. Attorney Cochrane appeared also for her father, who is seeking the custody of the little ones.

Attorney Choyanski opened the argument in favor of returning the children to the custody of the mother.

## LOCAL EXHIBITS FOR TURIN FAIR

Alameda County Processed Fruits and Vegetables to Be Shown in Italy.

The state of California at the last session of the legislature made an appropriation of \$10,000 for an exhibit of California products at the Turin exposition and Robert Newton Lynch was appointed commissioner by Governor Johnson. At the request of Lynch the Alameda county general exposition commission is packing a varied assortment of processed fruit, flower and vegetable products of Alameda county.

This exhibit will be shipped to New York by rail and thence by steamship to Turin.

W. D. Nichols, the custodian of the Alameda county exhibit at the Oakland chamber of commerce, is selecting some of his choicest specimens and as this will probably be the only exhibit of the kind at the exposition and will be labeled from Alameda county, it will no doubt attract much attention. The exhibit will be shipped in a few days.

### BESTED BURGLAR.

T. C. Cavellier, employment secretary of the F. M. C. A., encountered two burglars last night in a vacant lot at Adams Point, and in a hand-to-hand struggle, worsted one of his assailants and succeeded in making his escape without being injured.

# S.S.S. CURES ALL SKIN DISEASES

Health in its magnificence appeals to everyone, and especially is this true of a clear skin, free from eruptions and disease. We instinctively realize that back of this desirable condition pure, rich blood is flowing through the system, furnishing nutriment to all the tissues.

This perfect condition of the skin exists as long as the blood is normal, but when it becomes contaminated with humors and acids its supply of nutritive properties is greatly lessened, and it becomes a sharp, acrid fluid which diseases instead of preserving the natural health and texture of the skin. Then come Skin Diseases; the character of the eruption depending upon the nature of the humor with which the blood is infected. If there is an excess of acid in the circulation the trouble is characterized by itching and burning eruptions. Other impurities produce watery blisters, rashes, etc., commonly known as Eczema, Tetter or Salt Rheum, while still other morbid matters in the circulation cause Acne, pimples and like troubles.

It is right and proper to get what relief one may from the application of washes, salves, etc., but such treatment should not be depended upon alone to produce a cure—only a thorough purification of the blood can accomplish this. S. S. S. cures Skin Diseases of every character and kind, because it purifies the blood. It goes down into the circulation and removes the humors and acids, builds up the weak, acrid blood, and completely cures Eczema, Tetter, Salt Rheum, Acne, pimples, rashes, eruptions, and all skin affections. When S. S. S. has cleansed the blood of the impurities the skin is nourished with rich, cooling blood, the tissues and fibres are strengthened, the pores and glands are stimulated to their full duty, and every symptom passes away. Book on Skin Diseases and any medical advice free. S. S. S. is for sale at drug stores.

## PREPARE FOR BIG FLOWER FESTIVAL

Berkeley Streets Are Being Decorated for Next Week's Carnival.

BERKELEY, May 5.—Merchants and other citizens who are preparing the flower festival to be held next week, beginning Wednesday evening with the coronation of Queen Nora, watched the sky apprehensively this morning, fearing further showers and consequent damage to the elaborate decorations of bunting, which are being put up by the business men and the carnival decoration committee.

Last night's showers did not cause the colors to "faint," and if there is no continued rain, the work of decorating and other preparations for the big carnival will go ahead rapidly.

Secretary Charles Green of the Board of Trade, is daily receiving new entries for the floral and civic parade which is to be the principal feature of the festival. The parade will be headed by one or two companies of Infantry from the Presidio, and other entries will be naval cadets from Yerba Buena Island; Coast Artillery, San Francisco; Company G, Fifth Regiment, N. G. C., of Alameda; Companies A and F, Oakland; Company C, Berkeley, and the California Grays; University of California Cadets and League of the Cross Cadets; I. O. O. F. Cantos No. 5 of San Francisco, No. 7, Oakland, and No. 11, Berkeley; Oakland Elks' drill team; Boy Scouts of Alameda county, 2000 strong, and California State Scouts, 1000 strong. Many other civic and fraternal organizations for this division of the parade have been heard from, but have not been placed.

At a meeting of the local Woman's Christian Temperance Union a resolution was made to take part in the floral parade on the closing day of the festival and a float will probably be entered. The following chairmen of committees were appointed for the work: Mrs. Frances C. Almond, Mrs. Clara O. Southard, Miss Ursula Broad, Mrs. S. H. Hall, Mrs. Blanche English, Mrs. Nellie O. Hunter and Mrs. M. H. Cartwright.

## FORESTERS HONOR JUDGE JAS. QUINN

Oaklander Elected Substitute Grand Chief Ranger at Nevada City.

NEVADA CITY, Cal., May 5.—The grand council of the American and the grand circle of the Companions of the Forest, holding their annual state convention here, concluded their deliberations today. The grand council elected the following officers:

Grand chief ranger, John Casters, Los Angeles; chief ranger, Judge James C. Quinn, Oakland; president, Joseph Rebell, Oakland; president, incumbent, grand treasurer, Frank Colkin, Oakland; president, incumbent, grand recording secretary, John J. O'Callaghan, San Francisco; grand senior woodward, William M. Klinger, San Francisco; grand junior woodward, Philip G. Sheehy, Watsonville; grand senior beadle, M. M. Davis, San Francisco; grand junior beadle, A. J. Cronin, Santa Clara; grand trustees, George E. Glover, Azusa; E. C. Sewell, San Francisco; W. W. Bayliss, Oakland; George D. Pierce, Placerville; N. Kalch, Stockton.

Santa Barbara was selected as the convention site next year for both the grand council and the grand circle.

## COLUMBUS KNIGHTS ARE IN NEW HOME

Berkeley Council Throws Open Spacious Headquarters With Entertainment.

BERKELEY, May 5.—With an entertainment program and banquet, the new lodge and clubhouse of Berkeley council No. 1499, Knights of Columbus, in the old Y. M. C. A. building on Allston way, were opened last night.

The council, which was organized last fall, has since then had its permanent headquarters on the second floor of the building, where a lodge room, reading, and lounge rooms have been fitted and arranged. The new headquarters were opened to the public last evening. A monologue was given by Milton Schwartz, songs by Joseph J. Rossmatch, and the Knights of Columbus quartet.

The visitors were shown through the lodge room, which is the business section, smoker and program, which occupied the evening.

## DANDRUFF, FALLING HAIR STOPPED

Harmless, Old-Fashioned Remedy—Brings Back Color to Gray Hair and Makes It Grow.

How many old-fashioned remedies are being used, which go to show that it is hard to improve some of our grandmothers' old-time, tried remedies. For instance, for keeping the hair dark, soft and glossy nothing equals our grandmothers' "sage tea." Although, by the addition of sulphur and other ingredients, this old-fashioned brew has been made more effective as a scalp tonic and color restorer.

Nowadays, when our hair comes out or gets faded or gray, instead of going to the garden or garret for herbs and making the "tea" ourselves, we simply go to the nearest drug store and ask for a bottle of Wyeth's Sage and Sulphur Hair Remedy.

Druggists are authorized to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by all druggists.

## WOMAN PLEADS FOR RETURN OF MISSING SPOUSE

WILLIAM A. TOWNER, who left home five weeks ago and whose wife fears he is dead. His family is absolutely destitute.

## FRIENDS CARE FOR HUNGRY CHILDREN

Mrs. Maude Towner Believes Husband Has Deserted Family.

Destitute, with five small children dependent upon her, Mrs. Maude Towner of 1232 Tenth avenue, East Oakland, is facing a desperate situation. Deserted, she says, nearly five weeks ago by her husband, William A. Towner, from whom she has heard no word, and left with no money to support herself and children, she would starve except for neighbors.

Towner, the husband, started out to look for work on the morning of Wednesday, March 29. This was at 6:30, and when he left the house he told his wife he expected to be back by 11. He was seen down town by acquaintances at 8, but vanished after that.

As to his motive for the alleged desertion, Mrs. Towner, when seen at her home this morning, said:

"I believe my husband ran away because he had failed to get work to support me and the children. He had been out of a job since some time in February, when he worked for about a month for the East Oakland Creamery Company. Previous to that, however, he has worked at Sherman-Clay and other Oakland people, generally in late years as a driver or expressman. That was the sort of a position he was trying to get when he disappeared."

He said he had to go downtown to see if he could get a place with some expressman. Evidently the couple, as he used to say that he couldn't bear to come home to his children without money to buy food, and he felt so despondent and dejected this time, as he had often done before, that he decided to run away, or else he made away with himself. That is my greatest fear. If he is alive, I hope and pray that he will see this, for I and the children need him desperately."

## SON OF MINISTER.

Towner, who is well-known in several circles of the state, being the son of the Rev. T. A. Towner, a Methodist minister of San Jose, and having himself been in evangelistic work, is a native of more than six feet tall, with a very pronounced stoop of the shoulders. He is dark-haired and with dark eyes, and when last seen was dressed in a gray-green checked coat and vest, and wore a pair of black overalls. His hat was a soft gray felt. He had on a checked shirt with turn-down collar, and no necktie. If he had any intention of deserting his family when he left home, he made absolutely no preparations for his going.

When asked as to her financial condition, Mrs. Towner said she was entirely dependent on neighbors for food. She is slight and delicate in appearance and has a fair complexion. She is a native of the city, and in addition to the fact that she has just recently recovered from an operation.

A special children: the youngest is only nine months old and is very delicate, requiring constant attention, while the eldest is only ten. These children, Mrs. Towner wants to keep with her, saying she cannot bear to think of putting them in a home. She wants to get money enough to keep the home going for a few months, in which time she hopes to hear definite news of her husband, who, she is praying, will come back to her.

## U. P. E. C. COUNCIL PLANS CELEBRATION

Oakland Lodge to Send Big Delegation to Antioch Initiation.

ANTIOCH, May 5.—Great preparations are being made by local U. P. E. C. Council No. 11, to celebrate the tenth anniversary of the organization tomorrow and Sunday. A big initiation will be held tomorrow night, and on Sunday afternoon a parade and barbecue has been arranged to be followed by a musical and literary program.

A special train will leave Oakland at 9 a. m. Sunday, May 7, on which will be the uniform band of the council, consisting of 40 musicians. The band is attracting a great deal of attention and will be a feature of the excursion.

The local committee, headed by Antioch are prepared to accommodate 500 visitors. Hon. C. M. Belknap will preside at the celebration and many prominent members of the order will be present and make addresses.

## PUPILS TO MEET ON THE ROSTRUM

Oakland and Berkeley Schools to Debate on Canal Fortifications.

The seventh debate of the Oakland and Berkeley High Schools will be held this evening in Chabot Hall, Eleventh and Grove streets, where the orators of the two schools will contest for honors. The judges will be Beverly Hodgehead of Berkeley, A. J. Ellsworth and C. S. Cory of the University of California. Richard Chamberlain of the Oakland High School will be temporary chairman. J. J. Miller of Berkeley High School has been appointed chairman of the evening. The subject of the debate will be presented to each member of the winning team.

The question for the debate is: "Resolved, That the United States government should fortify the Panama canal." Berkeley High School will support the affirmative side of the question. It will be represented by Eugene Sturgess (leader), Percy Neal and Joseph Sturgess. Harry Creech will lead the negative side for the Oakland High School. His team will be composed of Ralph Hogan and Monroe Friendman. Henry Oliphant will be the alternate for the Oakland High School team.

## TALE OF OSTRICH, A MAN AND A GUN

Demonstrating That a Bird in the Pen Is Worth Two in a Barn.

MELROSE, May 5.—While making his rounds at the ostrich farm in Melrose last night, Watchman A. Walters, an employee of the establishment, heard the sound of tapping against the window of the big stockroom and saw two strange faces peering in through the glass. He waited a moment to assure himself that they were burglars, and then shot twice through the window.

Rushing from the room he pursued two dark forms out upon the street, where he again fired twice, following the fleeing forms to a barn in which he believes he saw them take refuge.

The shots aroused the neighborhood and the barn was surrounded. In the meantime a hurry-up call was sent to the Melrose and Central police stations, and Sergeant Walters, with a posse of patrolmen and detectives, rushed to the spot in an automobile.

After taking precautions to prevent the supposed burglars from shooting at the police, Walters and his posse entered the barn to find no trace of the midnight marauders.

A search was then made of the ostrich pens, and the police finally located, and out cold and dead upon the earth, the remains of a large and ferocious-looking ostrich, with a bullet hole through his neck.

Nightwatchman Walters retired in confusion and the police returned to their various beats.

## STEEL TRUST GETS RISDON WORKS

Conveyance Filed in San Francisco Completing Negotiations for Plant.

SAN FRANCISCO, May 5.—Several important developments in connection with the purchase of the Risdon Iron works by the United States steel corporation were made here yesterday, one the filing of a conveyance in the recorder's office whereby the local property was transferred by the majority stockholders to Thomas Murray, assistant secretary of the steel corporation and a director in a dozen or more of its subsidiary companies.

Also, according to high officials of the corporation, San Francisco is to be the big distributing point of steel companies' wares on the Pacific coast. The steel corporation, it is asserted, does not intend engaging in the manufacturing business here, as it already has several plants in the region.

The negotiations that terminated yesterday in the sale of the plant have extended over a considerable period, beginning early in the year, when agents of the steel corporation visited the coast for the purpose of selecting a site for a great distributing depot at which several ships' cargoes of manufactured steel and iron products could be accommodated.

After some investigation, this port was decided upon as being the most central. It has several advantages, one existing at the time and likely to exist in the future. After an investigation of the plant, it was found that the Risdon Iron Works' site was determined to be largely because freight could move to and from the plant without the payment of harbor tolls.

James Pappas Is Arrested on Complaint of San Francisco.

## ACCUSED THIEF IS BEHIND BARS

James Pappas was arrested this morning by Detective Dwyer and Quigley on a larceny charge on the complaint of James Andrews of 51 Haywood street, San Francisco. Andrews complained to the police that his premises were entered May 1 and three suits, two gold watches and a pocket watch were stolen. The property, valued at \$238, was discovered and Pappas arrested for the theft.

W. S. Wheeler of the Reedy hotel complained that his room had been entered by a sneak thief with a skeleton key. A suit of clothes valued at \$25 was stolen.

W. A. McCutcheon of 217 Eighth street reported to the police that a gold watch had been stolen from his pocket when he left the vest hanging in one of the rooms. Sam Archib and Alfred Cunah were placed in custody pending investigation.

## LEGAL.

Office of the Assessor of Alameda County.

## Poll Tax Notice

Notice is hereby given that the State Poll Tax of two dollars for the year 1911 is now due and payable at the Assessor's office, room one, Court House, or to a Deputy Assessor. Sec. 3886 of the Political Code reads as follows:

Every male inhabitant of the State over twenty-one and under sixty years of age, except paupers, insane persons and Indians, must annually pay a Poll Tax of two dollars, provided the same be paid between the first Monday in March and the first Monday in June.

Then it shall be three dollars. Sec. 3846 of the Political Code makes it the duty of the Assessor to demand Poll Tax of every person liable therefor, and on the neglect or refusal of such person to pay the same, to cause the seizure and sale of any personal property owned by such person.

Under Sections 432 to 435 every person who refuses to give his own name or the name of any person in his employ, or who in any manner obstructs the collection of the State Poll Tax, is guilty of a misdemeanor, and liable to be imprisoned in the County Jail, or both such fine and imprisonment.

Only those persons under twenty-one or over sixty years of age are exempt. Poll tax must be paid on demand.

HENRY P. DALIN, Assessor of Alameda County, Oakland, California. 5-7-11

Office of the Assessor of Alameda County.

## Notice to Taxpayers

Oakland, March 8th, 1911. All Persons, Firms, Companies, Corporations and Associations are required to deliver to the Assessor of the County of Alameda, on or before April 1, 1911, a statement, under oath, of all the real and personal property owned or claimed by him, her or them, or in their possession or control, or trust for others, at 12 o'clock meridian on the first Monday of March, 1911.

In accordance with Sec. 3825, Political Code. Every person who refuses or neglects to furnish the statement as provided for in section 3825, Political Code, becomes liable to a fine of one hundred dollars and the costs of the Assessor on their property must not be reduced by the Board of Equalization.

All persons owning real estate that has been assessed in the wrong name or errors have appeared on their tax bills, are requested to call at the Assessor's office or notify the Assessors by mail on or before April 1, 1911, so that the proper correction may be made on the assessment roll for the year 1911.

ASSESSMENT BLANKS may be obtained at the Assessor's office, room one, Court House, or from any Deputy Assessor. HENRY P. DALIN, Assessor of Alameda County, Oakland, California. 5-7-11

Office of the Assessor of Alameda County.

## Many Speakers at Religious Convention

A chorus in preparation for the concert which will be one of the features of the International Sunday school convention to be held in San Francisco June 20-27, was rehearsed last night at the First Congregational church, Twelfth and Clay streets, by Wallace A. Sabin of San Francisco and Alameda.

The concert will be given Monday evening, June 19, in the Coliseum, San Francisco. It is expected that 1500 voices will be heard.

The list of convention speakers as at present arranged includes Governor Johnson, Lieutenant-Governor Wallace, Mayor McCarthy, Justice MacLaren of the Ontario Court of Appeals, Bishop Bell of the United Brethren church, Bishop Clark of the African Methodist Episcopal church, Bishop Hendrick of the Methodist church south, Bishop Hughes of the Methodist Episcopal church, Bishop Nichols of the Protestant Episcopal church and the Rev. J. Wilbur Chapman, evangelist, of New York.

## GRAINS HIGHER; STOCKS RECOVER FROM WEAKNESS

Corn and Oats Firm in Symmetry With Wheat; Provisions Easy.

Trading Is Active and With Few Exceptions Advances Are Noted.

CHICAGO, May 5.—Fair skies today in Minnesota and the Dakotas meant higher prices for wheat here. The market showed strength as a result of smaller crops of Argentina and less favorable reports from Russia. Opening figures were 1/4 to 3/4 up. July started at 80 1/2 to 81 1/2, a rise of 1/2 to 3/4. The close was at 81 1/2 to 82 1/2, a rise of 1/2 to 3/4. Heavy selling, however, by the country led to a decline in the market. The close was at 81 1/2 to 82 1/2, a rise of 1/2 to 3/4.

Corn was firm in response to wheat, but offerings were light. July opened at 24 1/2 to 25 1/2, a rise of 1/2 to 3/4. The close was at 24 1/2 to 25 1/2, a rise of 1/2 to 3/4. Heavy selling, however, by the country led to a decline in the market. The close was at 24 1/2 to 25 1/2, a rise of 1/2 to 3/4.

Oats were firm in response to wheat, but offerings were light. July opened at 14 1/2 to 15 1/2, a rise of 1/2 to 3/4. The close was at 14 1/2 to 15 1/2, a rise of 1/2 to 3/4. Heavy selling, however, by the country led to a decline in the market. The close was at 14 1/2 to 15 1/2, a rise of 1/2 to 3/4.

Provisions were easy. First sales were 2 1/2 to 2 3/4 higher, with July at \$14.90 for pork, \$8.07 1/2 for lard and \$7.97 1/2 for ribs. The closing quotations were as follows:

MAIL CARRIER  
CARRIES SON IN  
HIS MAIL POUCH

GEORGE L. ENGLAND, rural carrier of the Fruitvale district. In the mail bag is a somewhat unusual package—Mr. England's baby boy.

FRUITVALE, May 5.—George L. England, the wide awake rural mail carrier of Fruitvale station, has other packages to carry on his two-wheeled steed beside those entrusted to the care of Uncle Sam.

And chief among these other packages is one more precious to him by a great deal than even Uncle Sam's bundles, a package very much alive, that some day will be as active and as wide-awake a citizen as the carrier himself. This precious special package of England is no other than his own little son, whom he carries in front of him on his motor cycle, in a mail bag.

England has long been a resident of Fruitvale and is energetic and active in all public improvements.

## ESTEY PIANOS

A distinguished pianist says:

"I find that the Estey Pianos possess a tone of great depth, beauty and sweetness, and the action responds and obeys perfectly."

## STRIKE IMMINENT ON ROCK ISLAND

Boilermakers Threaten Walk-out; 2000 Men to Be Affected.

BUFFALO, N. Y., May 5.—A strike of all the boilermakers, apprentices and helpers on the Rock Island lines is threatened, according to a letter received here by Thomas King, local business agent of the Boilermakers' Union. The strike will affect about 2000 men, it is said. The boilermakers now have 2000 men on the New York Central and 2000 on the Pennsylvania and the warring is sent to eastern lodges to keep away from the west.

A strike vote has been taken on the Rock Island, according to the information received by King. About 89 per cent of the men voted to walk out on May 8 if the officials of the road did not meet their demands, which relate to the payment of wages.

## Freckles

Maybe You Can't Prevent Them, But You Can Easily Remove Them—Quickly, Too.

It is far better not to wait until the hot summer sunshine brings out your freckles in all their unwelcome ugliness. There's a simple remedy—Kintho—that removes freckles as if by magic—and it's guaranteed to remove them, or money back. Get a two-ounce package wherever toilet goods are sold and see how quickly and thoroughly Kintho will remove your freckles.

## NOTED ART EXPERT APOPLEXY VICTIM

Halsey Coley Ives in Critical Condition as Result of Attack.

LONDON, May 5.—Halsey Coley Ives, director of the city art museum of St. Louis, was stricken with apoplexy here today and his condition is serious. Ives is 65 years old and is widely known in this and other countries, having been many times decorated in recognition of his attainments in art. Part of his early education was acquired in the technical schools of South Kensington. On several occasions he has represented the United States government as commissioner abroad.

He was chief of the art department of the Chicago Exposition in 1893 and of the St. Louis Exposition in 1904. Mrs. Ives, who was formerly Margaret A. Leade of St. Louis has many friends in this city. Ives was born at Montclair, N. Y.

## COULD NOT STAND SUFFERING FROM SKIN ERUPTION

Red Blotches on Face and Scalp. Disfiguring, Scaly, Dry and Itching. Scratched Until He Drew the Blood.

Cuticura Soap and Ointment Entirely Relieved "That Awful Pest."

"I have been using Cuticura Soap and Cuticura Ointment for the past three months and I am glad to say that they cured me of a most annoying skin eruption. It began by my noticing red blotches appearing on my face and scalp. At first they were rather disfiguring. I did not think anything of them until they began to get scaly and dry and to itch and burn until I could not stand the suffering. Then I began to use a different soap, thinking that my old kind might be hurting me, but that did not seem to do any good. I went to two different doctors but neither seemed to relieve me any. I lost many nights' sleep in continual scratching, sometimes scratching till I drew the blood on my face and head. Then I started in to use the Cuticura Remedies and in two months I was entirely relieved of that awful pest."

"If anyone seeks information as to how good Cuticura Remedies are, refer them to me. I am one who used it successfully. I am delighted over my cure by Cuticura Remedies. Let it be said to all who are troubled with it." (Signed) M. Macfarland, 221 West 116th St., New York City, Oct. 5, 1910.

Cuticura Remedies afford the most economical treatment for affections of the skin and scalp. A cake of Cuticura Soap and a box of Cuticura Ointment are often sufficient. Sold everywhere. Retail Drug Stores. Cuticura Corp., sole props., 139 Columbus Ave., Boston.

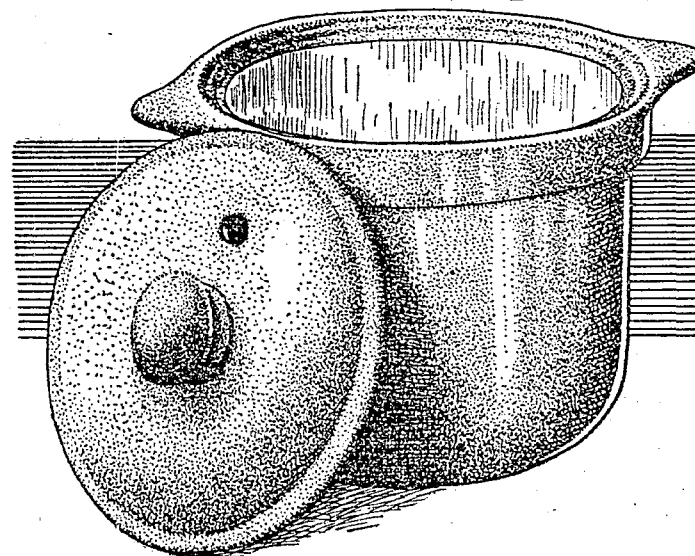

Also Mailed free, samples of Cuticura Soap and Ointment, with 22-p. book on skin treatment.

## CLUB INSISTS ON AERO SUPREMACY

Members Refuse to Ratify Proposed Agreement With Rival Club.

NEW YORK, May 5.—That the Aero Club of America will insist upon retaining supremacy in aeronautic affairs in the United States is indicated by the refusal of the members to ratify a proposed agreement with the National Council of Aero Clubs of America, whereby some of the governing powers would be transferred to the latter body. The proposed agreement has been referred back to committee and it is believed that the Aero Club will insist upon a clause providing that no club or organization shall be permitted to join the national council unless affiliated with the Aero Club and approved by the latter.

The Aero Club is the representative of the International Aeronautic Federation in America and is recognized in Europe as the governing body in this country. All record performances must be certified by the Aero Club to receive the International Federation's recognition.

## BOARD NOT IN ERROR, IS CLAIM

Emery Declares Figures on Canadian Farm Wages Are Correct.

WASHINGTON, May 5.—The statement that the tariff board has made an error of 25 per cent in its figures on Canadian farm wages in its Canadian reciprocity is entirely untrue, declared Chairman Henry C. Emery today. "The tariff board has taken all its information on this subject from the latest Canadian official figures. The Canadian figures include the item of board for farm hands. This item is not taken into account in statistics showing the pay of American farm hands."

## DIX TAKES SHOT AT DISCRIMINATION

Governor of New York Declares Harbor Business Is Being Injured.

NEW YORK, May 5.—In an address before the Chamber of Commerce of New York today Governor John A. Dix emphasized the importance of the harbor of New York to the commerce of the western hemisphere, and deprecated what he termed the discrimination which railroads and steamship lines were practicing in favor of other ports.

Governor Dix said: "Whatever might have been the original conditions which led to the differentials discriminating against New York and were held to have justified them as the less of two evils, those conditions are of the past. It was never intended that the differentials originally established for the preservation of peace between warring railroads should exist forever."

## Rheumatism Cured at Home

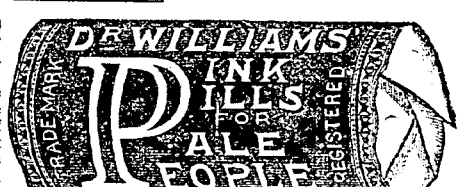

Every sufferer from rheumatism wants to be cured and to stay cured. The prospect of the return of the same old rheumatism every year is not attractive to anybody who has gone through one siege. Most treatments aim simply to "keep down" the rheumatic poisons in the blood. The treatment with Dr. Williams' Pink Pills for Pale People has proved by hundreds of cures that it builds up the blood to a point that enables it to cast out these poisons through the regular channels of excretion, the bowels, the kidneys and the skin. When this is done the rheumatism is permanently cured and as long as the blood is kept pure and rich the patient will be immune from attacks of rheumatism.

Mrs. D. H. Coates, of Campbell, Cal., says: "For several years I was bothered with rheumatism and could find no relief. The pains were in my ankles, limbs, neck and shoulders. My ankles and limbs would become swollen and oftentimes my shoulders were so lame that I could not raise my arms up to my head. When I stood on my feet there were terrible sharp pains through them."

"I finally began taking Dr. Williams' Pink Pills for Pale People, which I read of in a paper. They gave me quick relief and cured me. I still use the pills as a tonic, whenever my work at the postoffice causes me to become run down or feel all tired out, and they give relief every time. I also consider the pills unequalled for the nerves, as they cured my daughter of St. Vitus' dance, from which she had suffered for six years."

Dr. Williams' Pink Pills for Pale People are invaluable in diseases of the blood and nerves. They have cured anaemia, after-effects of the grip and fevers, general debility and sick headaches, dizziness, nervous prostration and have accomplished wonderful results even in chronic cases.

A valuable booklet, "Diseases of the Blood," containing fuller information, will be sent upon request. Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes, \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

## HOTEL MAN IS SUICIDE.

REDDLEY, May 5.—L. D. Ward, a prominent hotel man, is a suicide here. Ward came here recently from Sanger to conduct the dining department of the Grand Hotel. He was

succeeding nicely in his new business, but had shown signs of despondency for several days. Wednesday morning he complained of feeling unwell and at about 9 o'clock retired to his room, where he took sufficient strychnine to cause his death.
